(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het oordeel van de Civielen Commissaris goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot die betaling zich als borgen in *solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van executie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk deel en van den Grondbrief (nl., 12s. 3d.) zullen aan de Civielen Commissaris, of anders te dien opzichte wettelijk geauthoriseerde persoon, op den koopdag betaald worden.

In geval de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, dan zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van de datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geener waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

De Kaarten en Condities van Verkooping kunnen gezien worden ten kantore van den Landmeter-Generaal, Kaapstad, en ten kantore van den Civielen Commissaris, Riversdale.

The term "special purposes" refers to the various departments of technique, and candidates will name Studies adapted for the cultivation of scales, arpeggios, double notes (3rds or 6ths), staccato octaves, expression, phrasing, part-playing, etc. Two Studies, of different degrees of difficulty, to be named under each head. The candidate's answers should show a general acquaintance with the Studies of Bertini, Clementi, Cramer, Czerny, Moscheles, etc.

Second Paper.

(*b*) To detect inaccuracies in the rendering of a composition well-known to the candidate.

The Examiner will play a portion of a movement from one of the Sonatas of Beethoven, at the choice of the candidate, and will purposely introduce such errors as are likely to be made by the average pupil. These errors must be pointed out by the candidate.

(*d*) To answer questions on the outline of form and order of modulation observed in the composition played by the candidate, and to explain the meaning of any terms or signs relating to tempo, expression, and phrasing, which may occur therein.

Should the piece referred to in the preceding paragraph be, for example, the first movement of a Sonata, the candidate would point out the first and second subjects, the development, episodes, coda, etc., and would also name the various changes of key which take place during its course. The meaning of any terms or signs affecting the speed of the piece, or referring either to variety of force, or the connection or disconnection of notes, must be explained by the candidate.

(*e*) To answer questions as to the principles of good fingering.

The Examiner will give certain passages and will request the candidate to supply the fingering for them. The candidates will be expected to play scales and arpeggios of any kind required by the Examiner, so far as to show their knowledge of the fingering.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent. per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het ordeel van den Civielen Commissaris goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot die betaling zich als borgen *in solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van executie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk deel van den Grondbrief zullen aan den Civielen Commissaris, of andere te dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

Ingeval de koopprijs £25 of meer is, zal de kooper verplicht zijn een verband te passeeren, gevende interest tegen vier per cent per jaar, ten gunste van het Government voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, dan zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van de datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geener waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

Surveyor-General's Office,
Cape Town, 5th September, 1903.

IN terms of Section II, Act No. 15 of 1887, as amended by Sections IV, V and VI of Act No. 40 of 1895, it is hereby notified that the following Erven or Lots of Crown Land, situate in the Division of RIVERSDALE, will be offered for Sale, by Public Auction, in front of the Civil Commissioner's Office, at RIVERSDALE, at 10 o'clock a.m. on Wednesday, 25th November, 1903, subject to the conditions and stipulations in the above Act, and in the General Conditions of Sale set forth, and further to such Conditions as may be declared on the day of Sale.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

(i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

(ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.

(iii) That if the amount paid on the day of sale be one-tenth or any sum between one-tenth and one-fifth of the purchase price, the balance of one-fifth of the purchase price shall be paid at the expiration of twelve months from the day of sale.

(iv) In cases where the purchase-money is less than twenty-five pounds, the whole amount shall be paid in cash, or in equal instalments extending over a period of three years.

Interest on the instalments above mentioned shall be paid at the rate of four per centum per annum; and the payment of the instalments, together with the interest thereon, shall be secured on the day of sale by two good and sufficient sureties to the satisfaction of the Civil Commissioner, which sureties will bind themselves in regard to such payments as sureties *in solidum* and co-principal debtors, renouncing the exceptions of excussion and division.

If the purchaser or his sureties fail, or are unable to make the necessary payments of purchase money as above within the stipulated time, it shall be competent for the Government to cancel the sale, and all payments already made in respect of such sale shall be forfeited to the Government.

The expenses of Survey on each Lot and of the Title Deed (viz., 12s. 3d.) shall be paid to the Civil Commissioner, or other duly authorised person in that behalf on the day of sale.

In the event of the purchase price being £25 or more, the purchaser shall be bound to pass a mortgage bond bearing interest at the rate of four per centum per annum, in favour of the Government for four-fifths of the purchase price, unless he shall have paid on the day of sale more than one-fifth thereof, in which case the amount of the bond shall be for the balance of the purchase price, the purchaser having the right to pay off the bond or any portion thereof, not being less than fifty pounds at any time.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the Bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made shall be forfeited to the Government.

The Diagrams and Conditions of Sale may be seen at the Surveyor-General's Office, Cape Town, and at the Office of the Civil Commissioner, Riversdale.

IN terms of Section VII. of Act No. 40 of 1895, it is hereby notified for general information that the undermentioned farms, situated in the Division of Van Rhyn's Dorp, will from and after Wednesday, the 6th day of Jan., 1904, be open for selection in the manner, and on the terms provided in the said Act 40 of 1895, and hereunder set forth, viz. :—

1. Every application for such land shall be made, in writing, to the Civil Commissioner of the Division in which such lands may be situated, who shall note thereon the day on which such application shall be received by him, and forthwith forward the same to the Minister.

2 For the purposes of this Act, any two or more applications for the same land received on the same day after the date fixed in the notice shall be deemed to have been made simultaneously, and all applications made before the date fixed in the notice shall be treated as if they had been made on the date so fixed.

3. The Minister shall allot the lands so applied for according to the priority of application, provided that when two or more applications shall be made simultaneously for the same land, the right of priority shall be determined by lot.

4. Every applicant for land under the provisions of this Act shall make and append to his application a declaration to the following effect :—

I, [A.B.] (insert place of abode and occupation), do solemnly and sincerely declare that I am of the age of twenty-one years and upwards, that I make this present application for my own exclusive use and benefit, and not directly or indirectly for "the use or benefit of any other person whomsoever, that I am not the owner of any land, that I have not made any arrangement or agreement to enable or permit any other person to acquire by purchase or otherwise, the land in respect of which this my application is made."

5. Every applicant at the time of making application shall deposit with the Civil Commissioner of the Division in which such land is situate a sum equal to one-twentieth of the value of such land, and of the survey and other expenses connected therewith, and in the event of his neglecting or refusing to take up the land so applied for, if allotted to him, the said sum shall be absolutely forfeited to the Government: Provided that in the case of the ground applied for not being allotted to him, the amount of his deposit shall be returned to him forthwith.

6. Any person of full age, may be allotted land under the provisions of this Act, but no person who is the registered owner of any land within the Colony, and no person who has at the time of application made any arrangement or agreement to permit any other person to acquire by purchase or otherwise the land so applied for shall be allotted land, and no person shall be capable of receiving more than one allotment by virtue of selection under this Act.

7. The Minister shall issue to the first applicant who shall have fulfilled the specified conditions for any land under this Act, or in the event of two or more applications for the same land to the applicant, determined by a lot, a licence to hold the land applied for on the following terms and conditions :—

(a) The licence shall be for five years reckoned from the next first July, or first January following the date of licence, and shall include the period between the date of licence and such day.

(b) The yearly payment in respect of such licence shall be equal to one-twentieth the price fixed for the land so held, together with one-twentieth of the survey and other expenses on such land, and shall be paid in advance.

(c) The deposit paid at the time of application shall be in discharge of the amount due on the next first day of January or July, as the case may be.

(d) The person to whom such licence is issued shall within six months of the issue of his licence, personally occupy the land allotted to him, and shall continue so to occupy such land, except as hereinafter provided, for the term of five years, or until he shall obtain a title to such land.

8. No land held under the provisions of this Act shall be transferable during the currency of the licence mentioned in the clause next preceding.

9. In the event of any failure during the currency of the licence to perform the condition of occupation the Minister may declare the licence absolutely forfeited, and the land in respect of which the licence is issued shall revert to Government: Provided that if it is proved to the satisfaction of the Minister that the failure to occupy was caused by drought, he may excuse such failure, but such excuse shall not be given for a period of more than twelve months, unless such drought continue for a longer period.

10. At the expiration of the five years for which any licence is granted, and if the Minister is satisfied that the conditions therein contained have been duly fulfilled, he shall cause to be issued to the licensee a grant of the land held and occupied by him on quitrent tenure, subject to the conditions stated in Section V. of Act 15 of 1887, subject to the payment of fifteen annual instalments, each of the amount of one-twentieth of the value of the land, together with the value of the survey and other expenses, which shall be a first charge on such land, and shall be secured by mortgage in favour of the Government: Provided that in the event of it being proved to the satisfaction of the Minister, who shall require certificates to that effect, that the licensee has after two years of occupation made permanent improvements on the land occupied by him under such licence equal at least to the value of the said land, the Minister may cause to be issued to him a title to the land held or occupied by him, subject to the payment of so many annual instalments of one-twentieth of the value of the land, together with the value of the survey and other expenses, as shall, together with the annual payments made by him in respect of the licence to the said ground, make up the whole value, and such annual payments due shall be secured by mortgage.

11. If any instalment shall not be paid within three months of the date on which it is due and payable an additional sum equal to one-fourth part thereof, by way of penalty, shall be added thereto, and shall, together with the instalment overdue, be recoverable at the suit of the Government in any competent Court.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

(i) That if no payment be made on the day of sale, one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

(ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.

(iii) That if the amount paid on the day of sale be one-tenth or any sum between one-tenth and one-fifth of the purchase price, the balance of one-fifth of the purchase price shall be paid at the expiration of twelve months from the day of sale.

(iv) In cases where the purchase money is less than twenty-five pounds, the whole amount shall be paid in cash, or in equal instalments extending over a period of three years.

Interest on the instalments above mentioned shall be paid at the rate of four per centum per annum; and the payment of the instalments, together with the interest thereon, shall be secured on the day of sale by two good and sufficient sureties to the satisfaction of the Resident Magistrate, which sureties will bind themselves in regard to such payment as sureties *in solidum* and co-principal debtors, renouncing the exceptions of excussion and division.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

KROONLANDEN VOOR UITKIEZING ONDER WET 40 VAN 1895.

OVEREENKOMSTIG de bepalingen van Sectie VII. van Wet 40 van 1895, wordt hiermede kennis gegeven voor algemeene informatie dat de ondergenoemde plaatsen, gelegen in de Afdeeling van Van Rhijnsdorp, open zullen wezen voor uitzoeking van en na Woensdag, den 6den dag Januari, 1904, op de wijze en bepalingen vermeld in de gezegde Wet 40 van 1895, en hieronder uiteengezet.

1. Ieder aanzoek voor zulk land zal schriftelijk moeten gedaan worden aan den Civielen Commissaris van de Divisie in welke zulk land gelegen is, die daarop zal noteeren den dag waarop zulk aanzoek door hem ontvangen werd, en zal dan onmiddellijk aan den Minister toezenden.

2. Voor het doeleinde van deze Wet, zullen indien er twee of meer aanzoeken ontvangen worden voor hetzelfde land op denzelfden dag na den datum vastgesteld in de kennisgeving, dezelve beschouwd worden als ter gelijkertijd gedaan, en alle aanzoeken gedaan vóór den datum vastgesteld in de kennisgeving zullen beschouwd worden alsof zij gedaan werden op den datum alzoo vastgesteld.

3. De Minister zal de landen waarvoor alzoo aanzoek gedaan werd bedeelen volgens de prioriteit van aanzoek, mits dat indien er twee of meer aanzoeken gedaan werden te gelijker tijd voor hetzelfde land, het recht van prioriteit bepaald zal worden door loten.

4. Ieder aanzoeker voor land onder de provisies van deze Wet zal een declaratie maken, en bij zijn aanzoek voegen, luidende als volgt:—

> Ik, [A.B.] (voeg in woonplaats en occupatie), verklaar hiermede plechtig en oprecht dat ik een-en-twintig jaren oud ben en boven, en dat ik dit tegenwoordige aanzoek doe voor mijn uitsluitend eigen voordeel, en niet direkt of indirekt "voor het gebruik of voordeel van eenig ander persoon hoegenaamd," dat ik niet eigenaar ben van eenig land, dat ik geen schikking of overeenkomst gemaakt heb om eenig ander persoon zulks te doen verkrijgen door koop of anderszins, het land waarvoor dit aanzoek gemaakt is."

5. Ieder aanzoeker op den tijd wanneer aanzoek gedaan wordt zal met den Civielen Commissaris van de Divisie in welke zulk land gelegen is deponeeren een somma gelijkstaande aan het een-en-twintigste van de waarde van zoodanig land, en van de landmeting en andere onkosten in verband daarmede, en ingeval dat hij verzuimt of weigert om het land te nemen waarvoor aanzoek gedaan werd, indien aan hem bedeeld zal de genoemde som absoluut verbeurd wezen aan het Gouvernement: Mits dat in het geval het land waarvoor aanzoek gedaan werd, niet aan hem bedeeld wordt, het geld door hem gedeponeerd dadelijk aan hem terug betaald zal worden.

6. Aan eenig persoon die meerderjarig is, kan land bedeeld worden onder de provisies van deze Wet, maar geen persoon die de geregistreerde eigenaar is van eenig land binnen de Kolonie, en geen persoon die bij den tijd van aanzoek eenig schikking of overeenkomst gemaakt heeft om eenig ander persoon toe te laten te verkrijgen door kooping of anderszins, het land waarvoor aldus aanzoek gedaan wordt, zal land toebedeeld worden en geen persoon kan meer dan één stuk ontvangen krachtens uitzoeking, onder deze Wet.

7. De Minister zal aan den eersten aanzoeker die voldaan zal hebben aan de genoemde condities, voor eenig land onder deze Wet, of in geval van twee of meer aanzoeken voor hetzelfde land aan den aanzoeker bepaald door lot, eene licentie geven om het land te houden voor welk aanzoek gedaan werd op de volgende voorwaarden en condities:—

(*a*) De licentie zal wezen voor vijf jaren, berekend van den aanstaanden eersten Juli, of eersten Januari volgende de datum van licentie, en zal insluiten het tijdperk tusschen den datum van licentie en zulk dag.

(*b*) De jaarlijksche betaling in verband van zoodanige licentie zal gelijkstaande wezen aan een-twintigste van den prijs vastgesteld voor het land alzoo gehouden, tezamen met een-twintigste van de opmeting, en andere onkosten van zoodanige land, en zal vooruit betaald worden.

(*c*) Het deposit betaald op den tijd van aanzoek zal in betaling wezen voor het bedrag betaalbaar op den aanstaande eersten dag van Januari of Juli zooals het geval is.

(*d*) Den persoon aan wien zulke licentie uitgereikt is, zal binnen zes maanden van de uitreiking van zijn Licentie persoonlijk het land bewonen dat hem bedeeld werd en zal op zoodanig land blijven, voor een tijdperk van vijf jaren, behalve als hierna bepaald is of totdat hij een grondbrief ontvangen zal hebben voor zoodanig land.

8. Geen land gehouden onder de provisies van deze Wet zal getransporteerd kunnen worden gedurende den duur van de licentie genoemd in de voorafgaande clausule.

9. In geval van verzuim gedurende den duur van de licentie om te voldoen aan de condities van occupatie, kan de Minister de licentie geheel en al verbeurd verklaren en het land in verband waarmede de licentie uitgereikt is zal naar het Gouvernement terug vervallen: Tenzij dat indien het bewezen wordt naar den voldoening van den Minister dat het verzuim van occupatie veroorzaakt wordt door droogte, hij zulk verzuim kan verontschuldigen; maar zulke verontschuldiging zal niet gegeven worden voor een tijdperk van meer dan twaalf maanden, tenzij zulke droogte aanhoudt voor een langer tijdperk.

10. Na verloop van vijf jaren voor welke eenig licentie gegeven is, en indien het den Minister blijkt dat aan de condities daarin vervat behoorlijk voldaan is, zal hij laten uitreiken aan den licentiehouder een concessie op het land gehouden en bewoond door hem op erfpacht, onderworpen aan betaling van vijftien jaarlijksche paaiementen, elk van het bedrag van een twintigste van de waarde van het land, tezamen met de waarde van de landmeting en andere onkosten die een eerste last zullen wezen op zulk land, en verzekerd zullen worden door een verband ten gunste van het Gouvernement; Mits dat in geval bewezen is geworden ter bevrediging van den Minister, die certificaten zal noodig hebben tot dien effekte, dat de licentie houder na twee jaren van occupatie permanente verbeteringen gemaakt heeft op het land bewoond door hem onder zoodanige licentie, ten minste van gelijke waarde van genoemd land, de Minister dan aan hem kan uitreiken een grondbrief voor het land gehouden of bewoond door hem tegen betaling van zoovele jaarlijksche paaiementen van een-twintigste van de waarde van het land, tezamen met de waarde van de opmeting en andere onkosten, als tezamen met jaarlijksche paaiementen die door hem betaald werden in verband van de licentie van genoemde grond, de geheele waarde opmaken, en zulke jaarlijksche paaiementen verschuldigd, zullen verzekerd worden door verband.

11. Indien eenig paaiment niet betaald wordt binnen drie maanden vanaf den datum op welk het schuldig en betaalbaar is zal een additioneele som gelijkstaande aan een vierde deel daarvan bijgeteld worden, als een boete, en zal, tezamen met de onbetaalde paaiment, inbaar wezen door dagvaarding van het Gouvernement in eenig bevoegde Gerechtshof.

Deze plaatsen zullen geallotteerd worden op voorwaarde dat de Gelicentieerde niet vergund is gedurende den duur van zijne Licentie, eenig losch hout of boomen groeiende op het land te hakken of te vernielen, behalve zooveel als redelijk noodig is voor eigen gebruik, en voor de voordeelige occupatie van het land, doch niet om te verkoopen.

De teekeningen en Licentie Akten kunnen gezien worden ten kantore van den Civielen Commissaris van Van Rhijnsdorp, en ten kantore van den Landmeter-Generaal, Kaapstad.

Kaapstad, 3 November 1903.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887, als geamendeerd door artikel IV., V. en van Wet No. 40 van 1859, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Erven, gelegen in het Dorp Flagstaff, in Oost Pondoland, bij publieke veiling te koop aangeboden zullen worden voor het kantoor van den Resident Magistraat te Flagstaff, om 10 uur v.m., op Woensdag, den 20sten Januari 1904, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en in de algemeene koopcondities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogste bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en alle zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Met dien verstande:

(i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.

(ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.

(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het oordeel van den Resident Magistraat goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot die betaling zich als borgen *in solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van execussie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting nam. £2 0s. 6d. op elk perceel van den Grondbrief, nam. 12s. 3d. zullen aan den Resident Magistraat, of andere te dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

De kooper zal verplicht zijn een verband te passeeren, gevende interest tegen vier per cent per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, dan zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van de datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geener waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

De Kaarten en Condities van Verkooping kunnen gezien worden ten kantore van den Landmeter-Generaal, Kaapstad, en ten kantore van den Resident Magistraat Flagstaff.

REGULATIONS (UNDER THE COLONIAL FORCES ACT, 1892), FOR THE VOLUNTEER FORCE.

I.—CONSTITUTION.

Authority under which raised and governed.

1. Volunteer Corps are raised under the "Colonial Forces Act, 1892." They are subject to the provisions of the Act, and to all Regulations made with regard to Volunteer Corps by the authority of the Governor.

Composition.

2. The Volunteer Force is composed of the following arms:—

Field Artillery.
Garrison Artillery.
Light Horse.
Mounted Infantry.
Infantry.
Medical Corps.
Mounted Rifle Clubs.
Cadet Corps.

II.—ESTABLISHMENTS.

On Formation.

3. An establishment is allotted to every Volunteer Corps on its formation, and hereafter annually.

Tables.

4. The tables in Appendix II. contain the authorised establishments of the different arms of which the Volunteer Force is composed. In these tables, two numbers divided by a line signify the maximum and minimum strength; thus $\frac{100}{60}$ means not more than 100 nor less than 60.

Reduced Establishments.

5. The establishment of a Corps will be reduced if its enrolled strength should at any time fall below the minimum establishment assigned to it, unless, on the representation of the Colonial Military Secretary, an exception be made to this rule, on the ground of there being a reasonable expectation of the Corps speedily regaining its proper strength.

Battery, Squadron, or Company below strength.—Commissions to lapse.

6. A Battery, Squadron, or Company shall cease to exist if its numerical strength falls below the minimum allowed by these Regulations and it fails to recruit to the required strength within a reasonable time fixed for so doing. The arms, equipment, and other Government property will be called in, and the commissions of the officers shall lapse unless they are otherwise specially provided for. A Battery, Squadron, or Company may, however, be permitted to remain with a reduced establishment, in anticipation of its speedily refilling its ranks, or it may be permitted to serve as a sub-division, section, or part of some other Battery, Squadron or Company. In this latter case, however, a fresh selection of officers may be made.

Disposal of Funds on Disbandment.

7. In the event of a Battery, Squadron, or Company ceasing to exist under the provisions of the foregoing paragraph, or on a body of Volunteers being disbanded by the Governor, under Section 19 of the Colonial Forces Act, any balance to credit of Corps funds, arising from surplus Capitation Grant, or the sale of articles purchased out of Public funds, shall, after all legal claims against the Corps funds are satisfied, revert to the Public Account.

Thinly-populated Districts.—Reduced strength allowed in.

8. Reduced establishments may be allowed to Corps raised in thinly populated districts according to the circumstances in each case, but under no consideration is a Battery of Field, Company of Garrison Artillery, Squadron of Light Horse below 50, or Company of Mounted Infantry to fall below 30, or Company of Infantry below 40 members, or Cape Medical Corps below 25 members.

Less Officers for reduced establishments.

9. With the reduced establishment fixed by the preceding paragraph, only one Captain and one Subaltern will be allowed, except in the case of a Squadron of Light Horse Volunteers which will be allowed one Captain, two Subalterns.

No. of Companies to a Regiment.

10. No Regiment of Infantry Volunteers is to have more than eight companies without special sanction.

Officers will count towards strength.

11. The Commissioned Officers of a Corps (except acting or honorary Officers) will be reckoned towards the number of enrolled members required to complete the establishment.

Numbering of Batteries, Squadrons, or Companies.

12. Corps composed of more than one Squadron, or Company shall have them numbered in alphabetical order, beginning from "A."

Corps of Field and Garrison Artillery will be numbered by numerals.

Batteries, Squadrons, or Companies may, however, in addition, be designated by the name of the place to which they belong. The numbering is to be given, as far as possible, according to seniority from the date of their formation, *i.e.*, acceptance of their services by Government.

The Commanding Officer of such Battalion shall, however, not exercise authority over the interior economy of the several units except when they are assembled as a regiment for drill or for service.

It will, however, while still serving carry seniority in the Volunteer Force only (and will not give seniority over officers of the Permanent Forces) when corps are brought together for combined work or Drill. Such officers will wear the distinctive badge of their Brevet rank, but Brevet Majors in dismounted corps will not wear spurs on parade or military duty except when performing the duties of a Field-Officer. This regulation will apply to Officers who have, in another branch of the Service, obtained Brevet rank higher than the rank they hold in the corps with which they are then serving.

Service in ranks to count as Commissioned Service towards Brevet Promotion.

83. One half of any period of service in the ranks of the Imperial Regular or Permanent Colonial, and one third of the service in the ranks of the Colonial Volunteer Force will be allowed to reckon as Commissioned service towards Brevet promotion, under paragraph 79, provided the officer has held a commission for at least eight years.

No second step of Brevet rank will be given upon the same substantive Commission.

Service as Acting Medical Officer or Chaplain to count as Commissioned service.

84. Service as Acting Medical Officer and Acting Chaplain will be allowed to count as Commissioned service.

85. When a corps consists of two or more Batteries, or Companies, and is not under the command of a Field-Officer, the senior Captain, or one appointed to command it, will bear the designation of "Captain Commandant." The designation "Commandant" is merely a title, and does not confer superior rank.

XII.—RESIGNATION AND RETIREMENT

Deaths and Resignations to be reported.

86. Commanding Officers shall report without delay the deaths, and submit for acceptance the voluntary resignations of the Officers for their respective corps. The death of a Commanding Officer shall be at once reported by the next senior Officer present, to the Colonial Military Secretary.

If so recommended, such Officers will be permitted, in the absence of any counter report, to continue in their appointment until they attain the age of 67, or for a shorter period, as may be determined by the Governor. They will not be permitted to extend their service beyond the age of 67 years.

Loss of interest in Corps on the part of an Officer to be reported.

92. If an Officer through loss of interest, or for any other reason, fails in his duty as an Officer, his Commanding Officer shall make a report to that effect to the Colonial Military Secretary and such Officer may be required to resign or have his services dispensed with, as the Governor may decide.

Officers must attend drills, or forfeit Commissions.

93. Any Officer who does not attend the number of drills to qualify for efficiency, will not be allowed to retain his commission, unless specially sanctioned by the Commandant General, Cape Colonial Forces, on the grounds that there are good and substantial reasons for a relaxation of this Regulation.

Cancellation.

100. Leave of absence is at all times liable to cancellation should circumstances require it.

XIV.—APPOINTMENT AND DISCHARGE OF INSTRUCTORS.

Drill Instructors.

(1) First Class Instructors, or men who by the terms of their engagement are obliged to devote their entire time to Volunteer duties.

(2) Second Class Instructors, or men employed for drill purposes only.

103A. In Batteries of Field Artillery, the Instructor, who will be a non-commissioned officer of the Imperial Service, will act as the Battery Sergeant-Major, and in the Garrison Artillery, the senior Instructor will act as the Regimental Sergeant-Major, and the next senior as the Quarter Master Sergeant, in addition to their other duties; all being Instructors of the First Class.

Duties of Instructors.

104. The principal duty of an Instructor of the First Class is to attend to the drill and instruction of the Corps to which he is posted, but he may also, at the discretion of the Commanding Officer, be intrusted with the custody of the arms or rifle range of the Corps, or charged with such other military duties as usually devolve on a Non-Commissioned Officer. He may, for example, be required to do clerical work, superintend the cleaning of Guns, Harness, and Arms, or look after Clothing and Accoutrements in Regimental Store, without extra payment: he will not be required to clean Arms, but if he undertakes that duty he should receive some remuneration for it from the Corps.

To Mark at Class Firing.

105. An Instructor may be required to mark at class firing, although he should ordinarily be employed at the firing point, but he should not be required to mark at private practice, or to undertake any duties at the range, not being those of a Non-Commissioned Officer, except with his own consent.

Not to engage in any trade.

106. First Class Drill Instructors are not permitted to engage in any trade or civil occupation, except as provided in paragraph 108.

Or receive or disburse Funds.

109 Each Instructor shall keep a diary of the drills attended by him, showing the description of drill, and the number of Officers and men on each parade, these diaries are to be forwarded by him to the Colonial Military Secretary not later than the first Monday following the date of the parade or drill. Should no drills have taken place a diary with the word "nil" written on it is to be sent.

Note Books.

110. Instructors are to keep proper note books, ruled in accordance with the information required in the Weekly Diaries—these note books are to be produced when asked for. In Corps having more than one Instructor, the Senior will take part of the Corps himself, and detail the others to take other parts, to note down the numbers and information required, and they will, for the purposes of the Weekly Diaries, produce to the Senior Instructor their note books, to enable him to get the correct strength, and the Weekly Diary will be signed and certified to by the Senior Instructor of the Corps.

Instructor senior on Parade.

111. Instructors will on parade rank as senior to all Volunteer Non-Commissioned Officers; they are there, however, as experts in drill, to carry out such instruction as the Commanding Officer wishes to have imparted, and are not to interfere with Corps detail beyond obtaining the information necessary for their Diaries.

Instructors, if guilty of grave Offences, to be placed in arrest.

112. In the event of an Instructor being guilty of an offence of a sufficiently grave nature to induce his Commanding Officer to submit the case to superior authority, a report of the circumstances will be made forthwith to the Colonial Military Secretary who will at his discretion dispose of the case, or report it to the Commandant General, Cape Colonial Forces. The Instructor will be kept in arrest until orders are received as to his disposal.

113. The monthly pay vouchers of Instructors will not be countersigned for payment by the Principal Paymaster, Cape Colonial Forces, until the diaries required under paragraph 109 are received for the period to which the vouchers have reference. Number of Lance-Sergeants and Corporals allowed.

115. Lance-Sergeants and Lance-Corporals, not exceeding one Sergeant and two Corporals for each Company, may be appointed by the Commanding Officer when the duties of the Corps require it.

Reduction.

116. A Non-Commissioned Officer may be reduced to any lower grade or to the ranks by the Commanding Officer of his Corps for any sufficient cause.

Certificate of Proficiency by Sergeant before Promotion.

117. Except in Corps newly formed, no Volunteer will be promoted to the rank of Sergeant until he has obtained a Certificate of Proficiency, unless he has qualified as a Sergeant in the Imperial or Permanent Colonial Forces. If there are no members qualified to fill vacancies as Sergeants, such vacancies are to be left open until an examination is held and the necessary certificate obtained. The certificate in this paragraph, mentioned as necessary for promotion to the rank of Sergeant, must have been obtained within two years of such promotion, otherwise it will be invalid and a fresh examination will have to be passed. In the case of newly-formed Corps where members have been promoted to the rank of Sergeant without examination, such Sergeants must obtain certificates of proficiency within two years of their appointment, failing which they will revert to the ranks.

Nature of Examination.

118. To obtain this certificate Volunteers (except the Quartermaster-Sergeant) will be examined in all the subjects laid down in paragraphs 58, 60, 61, and 62, for Captains of the arm of the service to which they belong. The Quartermaster-Sergeant will be examined in the same subjects as the Quartermaster. The Certificate of Proficiency will be made out on Colonial Forces Form No. 70a.

Mode of Examination and Issue of Certificate.

119. Sergeants will be examined by the Adjutant of the Corps to which they belong, under the supervision and instructions of the Commanding Officer, and their Certificates of Proficiency will be signed by such Adjutant, and countersigned by the Commanding Officer. In Corps having no Adjutant, the examination will be conducted by a Board appointed and supervised by the Commanding Officer. The examination is to be conducted in a manner similar to that for Officers.

Certificate for Quartermaster-Sergeant.

120. In the case of a Quartermaster-Sergeant the certificate will also be signed by the Quartermaster if he holds a Certificate of Proficiency.

All Examination Papers to be retained in Orderly Room.

121. The written portion of all examinations, whether conducted by an Adjutant or Board, is to be retained and filed in the Orderly Room of the Corps, and in the event of a Non-Commissioned Officer who holds a Certificate of Proficiency being appointed to a Commission, such certificate, together with the examination papers, must be sent to the Colonial Military Secretary for final approval before such appointed Officer can be exempt from examination under Sub-Section (b) of paragraph 57 of these Regulations.

Sergeants who retire after 10 years' service in that rank, and who are specially recommended by their Commanding Officers, may be allowed to retain their rank and wear the Sergeant's uniform of their Corps with the letter "R" embroidered in silver on the shoulder straps; a roll of such retired members will be kept by each Corps.

After once having been attested, no apprentice is to be discharged without the production to his Commanding Officer of the legally drawn indenture papers, unless entitled to discharge under the ordinary conditions as a Volunteer.

Band.

131. The number of Bandsmen in a Corps authorised to have a Band must never exceed 10 per cent. of its strength, or a total of 40 in all (exclusive of boys under 17 years of age), any men acting as Bandsmen in excess of the above, must appear in the ranks at Inspections and Parades for Field movements. Such additional or Acting Bandsmen will be required to attend drills and do Class Firing as ordinary Volunteers to earn Capitation Grant, and no distinction in uniform in their case can be allowed beyond musicians' badges on Tunic.

Drill and Musketry.—First Year's Service.

132. All Bandsmen who have not previously served in the Imperial Army or in the ranks of the Volunteer Service will, during the first year of their enrolment, be required to go through the course of drill and musketry laid down for Recruits, and if they have previously been in the Service must be put through the course of musketry as fixed for trained men.

Expenditure on Bands.

133. The expenditure on authorised Bands must never be allowed to exceed a sum equal to 5 per cent. on the total capitation earned by a Corps in a half year, added to the amount of grant earned by the members of the Band themselves. Bands in small Corps not recognised.

134. In small Corps no Bands will be recognised, and all men must be in the ranks at Inspection and Parades for Field movements, and must earn their Capitation Grant as ordinary Volunteers. Should there be sufficient musical talent among the members of a small Corps, and it is desired to form a private and unrecognized Band, the above rule regarding the restriction of expenditure on it must apply, but it is to include the purchase of musical instruments.

Enrolment.

135. The signature of a Volunteer to the form of attestation (Form Appendix VI) constitutes enrolment.

Attendance at Drill may prove Enrolment.

136. Should the attestation paper of a Volunteer be lost or destroyed, or if it is found to have been incorrectly or improperly made out, the fact of such Volunteer having attended drills with his Corps, without subsequent retirement, shall be proof of his belonging to such Corps.

Medical Examination.

137. Each Volunteer before being enrolled should be examined by a properly qualified Medical Officer, as to his fitness to serve.

Oath of Allegiance.

138. The Volunteer shall take the oath of allegiance at the time of his attestation. An Affirmation is permitted instead of an oath, as in the case of an Officer (see paragraph 40).

Re-enrolment before being properly discharged.

139. Commanding Officers are on no account to enrol men who have been Volunteers until they have satisfied themselves that they have been legally discharged from their previous Corps.

Enrolment in another Corps.

140. No member of a Volunteer Corps will be enrolled in another Corps until he has legally ceased to be a member of the former Corps.

Illegal Enrolment.

141. Should a Volunteer enrol himself in a new Corps before he has legally ceased to be a member of his former Corps, his enrolment will be cancelled, and he will be made to refund any expense to which he has put the new Corps by such enrolment.

A person dismissed cannot become a Volunteer without the sanction of the Governor.

142. A person dismissed from a Volunteer Corps for misconduct will not be enrolled in another Corps without the special sanction of the Governor.

Form of Discharge.

143. The Commanding Officer of a Corps must give to every Volunteer who quits it a certificate of discharge (Form Appendix V). This certificate will bear the signature either of the Commanding Officer or the Adjutant.

Claiming Discharge under false pretences.

144. If it is found that a Volunteer who claimed his discharge on the plea that he was about to remove from the district in which the Head-quarters of the Corps is situated, has failed to do so, the discharge so obtained shall be null and void, and the individual will be liable in every respect as if such discharge had not been issued.

When a Volunteer gives one month's notice to resign, C.O. to warn him of obligations.

145. When a Volunteer gives one month's notice in writing of his intention to quit his Corps, the Commanding Officer shall at once cause him to be informed of the obligation imposed on him by sections 25 and 26 of the Colonial Forces Act of delivering up his arms, clothing, &c., and the amount (if any) due or becoming due by him under paragraphs 320, 321, 322 and 323 of these Regulations.

A Volunteer until legally discharged.

146. It must be clearly understood that the tendering of resignation by a Volunteer does not free him from responsibility, and that he continues liable for service and all duty, &c., in his capacity as a Volunteer until legally discharged. Should his discharge be refused he has his remedy under Section 27 of the Colonial Forces Act.

Side-arms when off duty to be worn by Officers and Sergeants only.

147. Commissioned Officers and Sergeants only are permitted to wear side-arms when off duty, and then only the authorised weapons of their respective ranks.

All Bandsmen to be enrolled Volunteers.

149. All bandsmen present on parade in Volunteer uniform must be enrolled Volunteers.

No Burial with Military Honours unless desired.

150. No deceased member of a Corps, or member on the retired list, as mentioned in paragraph 124, shall be buried with Military Honours unless he shall have expressed a wish to that effect, or it be the desire of his friends; but in all cases the sanction of the Commanding Officer is necessary.

HONORARY MEMBERS.

Honorary Members.

151. Honorary members are of two classes:—

(I) Persons who contribute to the funds of a Corps, but are not enrolled for service.

(II) Persons who have served as enrolled Volunteers, and who have been returned as efficients for at least eight years in that Force, and are willing to re-enrol should occasion require their services, may be placed on the list of honorary members, as "Reserve Men," under the provisions of the rule of the Corps, without payment of subscription.

Not subject to Military discipline.—Reserve men may attend "Plain Clothes" Drill.

152. Honorary members will not be included in the muster roll of the Corps to which they belong. They are not subject to military discipline, nor allowed to interfere with the military duties of the Corps; but Reserve men may attend drill when approved by the Commanding Officer, and they are permitted to wear the uniform of privates of the Corps, with the letter R embroidered in worsted on the shoulder-straps.

Honorary Members not liable for Actual Service.

153. Honorary members are not, under any circumstances, liable to be assembled for actual service unless they join or rejoin as enrolled members.

XVI.—EFFICIENCY AND DRILL.

An Efficient.

154. Members of Light Horse Volunteers must fulfil the following conditions in order to be reckoned as efficients, to enable Capitation Grant and Horse Allowance to be claimed on their behalf:—

If present at inspection—six troop drills per annum; if absent from inspection with leave from his Commanding Officer, or through sickness duly certified—seven drills.

Three dismounted drills may be counted as equal to one mounted parade towards the earnings of Capitation Grant, but no more than six dismounted drills may be allowed to count as mounted drills.

Attend six days instruction at Camp annually unless recommended for special leave by the Officer Commanding the Corps, such leave being approved by the Commandant General, or through sickness duly certified to by medical practitioner—Class firing as laid down for Volunteers to be performed during the months January to December.

155. Other Volunteers, in order to be reckoned as efficients and enable Capitation Grant to be claimed by Corps on their account, must fulfil the conditions set forth in the paragraphs next following, as well as those under the head of Musketry Instruction, *vide* scale in Appendix VIII.

First Half-year.

156. First half-year.—If present at Inspection, 14 drills: if absent from Inspection with leave from his Commanding Officer, or through sickness duly certified, 15 drills.

Second Half-year.

157. Second half-year.—If present at Inspection, 11 drills; if absent from Inspection, with leave or through sickness duly certified, 12 drills; or such number not less than 8 drills (including the Inspection) as will with the number performed in the first half-year amount to 25.

Number of Drills necessary for Efficiency.

158. Should a Volunteer fail to attend in his first half-year the number of drills fixed for that period of his service, he will be required to attend in his second half-year such number of additional drills as will when added to those attended in the first half-year amount to 25 drills, or 26 or 27 drills, according to whether he has been absent from Inspections during either or both of the previous half-years, and will not be considered as an efficient until he has attended 25, 26 or 27 drills as required; and in Artillery Corps 12 of which must be Gun Drills and the remainder Squad and Marching Drills.

Digitized by Google

Third Half-year.

159. Third (and subsequent) half-years. If present at Inspection, 8 drills; if absent from Inspection with leave, or through sickness duly certified, 9 drills (or as many more as may be required to complete the drills in the preceding paragraph), and this number will be required to be attended each half-year by every Volunteer until he has been classed for four half-years as an efficient member, after which it will be necessary for him to attend six drills, including the Inspection, or seven drills if absent from Inspection in each half-year, to keep him as such.

Reduction of Drills affected by failure to earn Grant.

160. If a Volunteer fails to earn Capitation Grant during any half-year until he has been returned as an efficient for four half-years, such half-year does not count as service towards the reduction of drills to be attended.

Drills for Artillery.

Gun Drills Scale.

161. With reference to the above scale of drills in paragraphs 156 to 160 and also to paragraph 168, to be returned as efficient, and to draw Capitation Grant, an Artillery Volunteer must in each half-year attend at least one Gun Practice. Under paragraph 156 at least 4 drills out of the 14 drills must be Gun Drills and 10 must be Squad and Marching Drills. Under paragraph 157 at least 8 out of the 11 drills must be Gun Drills. Under paragraph 159 at least 6 out of the 8 drills must be Gun Drills. Under paragraph 159 at least 5 out of the 6 drills must be Gun Drills.

In Field Batteries, for Drivers, substitute "Harness instuction and fitting" for "Gun Drills"; this is not intended to prevent drivers learning Gun Drill with a view to promotion to non-commissioned officers, but drivers, to become efficient, must attend the necessary "Harness Parades," "Gun Drills" being counted as "Ordinary Drills."

Classification of Artillery.

Brigade Drills.

167. Attendance at a Brigade drill or Review may be counted as two company drills, or as one Battalion drill, as required, and in Mounted Corps, if mounted, as one mounted drill, or two dismounted drills, except that the King's Birthday Parade and one Church Parade in a half-year at which there is a sufficient muster (*vide* paragraph 166) will only be allowed to count as an ordinary Battalion drill.

Artillery at Brigade Drill.

168. Attendance at a Brigade drill or Review may be counted as 1 Gun drill or 2 Ordinary drills in Field Artillery; in Garrison Artillery Corps as two Company drills

When Artillery Corps attend Gun Practice which occupies the whole of the day, the attendance may be counted as a Practice and as a Gun drill.

Squad Drills.

169. Squad drills at which not less than four rank and file are present may be reckoned to complete the number of Company drills; but when so reckoned they can only be counted in the proportion of two Squad drills in lieu of one Company drill.

Company Drills.

170. To constitute a Company Drill reckoning towards efficiency 16 at least of all ranks (exclusive of Band, except Bandsmen in the ranks) must be present.

Exceptions.

171. Except for Recruits, no Squad drill can count unless at least four rank and file are present.

Men living long distances.—Reduced number of Drills.

172. In very special cases, where men have to travel very long distances to attend drill, a relaxation of the number of drills to be attended in the first and second half-years may be specially sanctioned by the Commandant General, Cape

attend the number of drills required, but fail to do their Class firing. If, however, some special and satisfactory reason can be shown why the Class firing was not completed during that half-year, such Volunteers may be permitted to fire their class during the half-year ending December, and if they pass into the 2nd class, the difference between the lower and higher grant may be claimed in a supplementary requisition.

The same rule will apply to Artillery Volunteer Corps, that is, the lower grant only can be claimed for a Volunteer Artilleryman, who fails to attend Gun Practice in any half-year, but if some satisfactory reason can be given why he failed to do so, and he attends two Gun Practices in the following half-year, the difference between the higher and lower grant may be claimed in the same way.

No more Drills than two in one day.

179. No more than two drills in any one day will be allowed to reckon towards efficiency, and they must be drills of not less than one hour's duration each, with an interval between them of at least an hour. In Camps, however, more may be reckoned, provided they are separate drills of an hour's duration each.

Object in Battalion Drill.

180. The object of battalion drill is chiefly to practice Officers and Sergeants in Battalion movements. Officers and Non-Commissioned Officers will, therefore, make a point of being present, if possible, at Battalion drill.

Any Officer to take command when requested.

181. It is competent for the Officer Commanding on parade to direct any Officer to assume the command for the purpose of drilling or manœuvring the Corps, though other Officers senior to him are present.

Artillery must conform to Authorized Drill Books.

182. Corps of Field Artillery should conform to the drill laid down in "Field Artillery Drill" for all mounted and dismounted drills.

Corps of Garrison Artillery should conform to the drill laid down in the "Garrison Artillery Drill." Infantry instruction should, in addition to marching and the carbine exercise, be chiefly limited to Company drill. As Garrison Artillery will only be called upon to parade as a Battalion for ceremonial purposes, their instruction to this end is to be confined to ordinary parade movements.

Blank firing from Batteries.

183. When blank ammunition is fired at drill from batteries consisting of less than four guns, the intervals between the firing will not be less than 25 seconds. The practice of firing blank cartridges against time is forbidden.

Not to assemble unlawfully.

184. Volunteer Corps shall not assemble under arms for any purpose unconnected with parade, drill, rifle, or artillery practice, except with the approval of the Commandant General, Cape Colonial Forces.

XVII.—INSPECTIONS.

Inspections.

185. The Inspection of Corps shall take place half yearly, or annually, as circumstances require.

Commanding Officers inspect their Corps.

186. To afford Commanding Officers an opportunity of thoroughly investigating the condition of their Corps, they may in any half-year when the Commandant or other Inspecting Officer does not hold an Inspection, be detailed to inspect their own Corps, and the regulations governing Inspections will apply in every respect to Inspections held by such Commanding Officers under authority of the Commandant General, Cape Colonial Forces.

Leave from Inspection.

187. Officers and men should only apply for leave from the Inspection when they have very special grounds for doing so. The Officer or man concerned must apply in writing to the Commanding Officer of the Corps, and must state the precise grounds of the application, and in case of sickness must transmit a medical certificate; if the reason assigned for absence is not satisfactory, leave is to be refused.

Parade State.—Causes of Absence.

188. On the arrival of the Inspecting Officer on parade, the Commanding Officer will hand him the Parade State (Colonial Forces Form No. 191), showing the actual strength of the Corps, the numbers on parade, numbers absent with leave, and numbers absent to be accounted for. The Medical Certificates for those who are absent through illness, and the written applications for leave and other written explanations of cause of absence, are to be attached to the Inspection Report (Colonial Forces Form No. 105) and sent to the Colonial Military Secretary.

Absentees from.

189. All absentees from such Inspections not satisfactorily accounted for shall forfeit their Capitation Grant, and it shall be recoverable from the individual, wholly or in part, in the manner laid down in paragraph 367.

Date to stand when fixed.

190. When the date of Inspection has been fixed, no change will be made unless under very exceptional circumstances.

Absentees, Non-Commissioned Officers and men.—Explanation required.

191. Non-Commissioned Officers and men who absent themselves from Inspection without obtaining leave or who are absent after having been refused leave, are to be required to furnish their Commanding Officer with a full explanation. Should the explanation not be satisfactory the full amount of the Capitation Grant forfeited to the Corps by his absence will be imposed.

Absentees (Officers) to give a written statement as to absence.

192. In the case of an Officer absenting himself as in the preceding paragraph described, he will be required to give a written statement of the cause of absence, and the Commanding Officer shall forward such statement with his remarks thereon to the Colonial Military Secretary for disposal.

Duties of Inspecting Officer.

193. Inspecting Officers will examine the Arms and other Government property in charge of a Corps, as well as the books required to be kept, under the Regulations (*vide* Appendix XXI), to ascertain that the former are being duly cared for, and that the latter are being neatly and properly kept.

196. Half-yearly requisitions for all Field Artillery Practice Ammunition will be made out in duplicate on Colonial Forces Form No. 7, dated 1st January and 1st July. The extra allowance for Competitive Firing may be demanded in either half-year, but if not expended for the purpose authorised will be deducted from the ordinary allowance of the following half-year.

The range party will carefully record the result of each round. They will be selected after a competitive examination, carried out in accordance with the instructions given in Appendices XIII and XIV. Layers will be tested annually as to their proficiency, and if found efficient will continue to hold their appointment for another year, if unable to pass or if found at any time unfit for the post, they must resign their posts. All qualified layers will wear a badge (an L in silver), their names published in Corps orders as they qualify, and in every Battery and Company, rolls will be kept of the layers, showing the dates on which they qualified and were re-examined. Certificates on Colonial Forces Form No. 94 or 95 will be given to each layer which will be considered cancelled at the end of one year, unless the holder passes his re-examination.

204. The following competitions may take place annually in all Batteries or Companies :—

(a) For Battery and Company Badges and Prizes.
(b) For Gunnery Badges and Prizes.

XIX. MUSKETRY INSTRUCTION.*

Musketry Training.

208. The Adjutant (or in Corps having no Adjutant, an Officer specially detailed as Musketry Instructor) is responsible for the Musketry training of the Corps, which it will be his duty to see carried out strictly in accordance with the regulations. To ensure this he will, as often as practicable, attend at target practice, and by personal examination satisfy himself that the registers and returns are correctly kept.

Class Firing Cards.

209. The Class Firing Cards furnished to Corps by Government are to be used for taking down the scores made by each man on the range at Class Firing, the individual making the score is at once to sign it before leaving the range, and it is to be signed also by the Officer or Non-Commissioned Officer superintending the practice.

These cards, after being entered in the official Target Register Books, to which they refer, are to be forwarded weekly accompanied by the Class Firing Registers (Colonial Forces Form No. 152) to the Colonial Military Secretary.

Target Practice as laid down.

210. The target practice of the Volunteer will be carried out as detailed in Appendix III and in the Musketry Regulations, except where otherwise specified. Instead of the men of the squad firing in rotation, at each distance, any two men may be called to the front by the Officer superintending the practice and fire shot for shot alternately until they have completed their rounds.

Musketry requirements.

211. The Musketry requirements for earning the various Capitation Grants for efficiency are as follows :—

Trained Volunteers.

(1) The trained Volunteer will earn the higher grant referred to in paragraph 295, by firing 21, 42 or 63 rounds, as the case may be, of ball ammunition in the course of target practice for the trained Volunteer and passing into the 2nd class, *i.e.*, he must in one trial of 21 rounds make 30 points or over.

(2) Failing to pass into the 2nd class, he will earn the lower grant referred to in paragraph 296, if he has fired 63 rounds and in either of his trials in the 3rd class made 20 points; failing to make 20 points, no grant can be claimed, and he will be required to fire the Recruits course during the following Musketry half year.

* Not compulsory for Artillery or Medical Corps

Recruits.

(3) A recruit will earn the higher grant by passing out of the 3rd class in his recruit's course during the Musketry half year, *i.e.*, he must in one trial of 21 rounds make 42 points—two trials are allowed.

(4) Should he fail to pass out of the 3rd class, he will earn the lower grant if he makes 20 points in his recruit's course ; failing to make 20 points no grant can be claimed.

(5) A recruit who does not go through the recruit's course, or who fails to pass during the Musketry training will remain a recruit in a Musketry sense, and will be required to go through the same course each Musketry half year until he succeeds in obtaining the required number of points.

(6) No grant can be claimed on account of a Volunteer who fails to go through his Musketry course for two half-years in succession, or who fails to do his class-firing after remaining in the 3rd class during the previous Musketry half-year.

(7) Colouring or marking the sights with paint or pencil, etc., and the use of any addition such as paper sights or wind gauges, are prohibited. Orth-optics are not allowed. There is no objection on a bright day, or when the browning has been rubbed off, to the sights being blackened by smoke.

Full details of the distances, number of rounds, targets, positions, classification, will be found in Tables A and B in Appendix III.

Best Marksman.

212. The best Marksman in a company or battalion will be that Marksman who, not having had to fire a second trial in the 1st Class, makes the highest aggregate number of points in his Class firing.

Shooting Badges.

213. The following badges are to be worn for shooting :—

(1) Class Firing badges :—

(*a*) Best Marksman in the Battalion : Crossed Rifles and Crown in Silver.

(*b*) Best Marksman in the Company : Crossed Rifles worked in silver.

(*c*) Other Marksmen : Crossed Rifles worked in worsted, of the colour of the Austrian Knot, on the sleeve of the tunic.

(2) South African Wimbledon, Governor's Prize Match.

No other mark of distinction for shooting than the above-mentioned badges will be worn by Non-Commissioned Officers and men in uniform, under arms.

Subalterns to do Class Firing.

214. Subalterns are to fire the individual practices of the annual course.

Instruction for Officers superintending firing.

215. The following points should be carefully observed by all Officers and Non-Commissioned Officers superintending the firing of Volunteers :—

(I) That every precaution is taken to prevent accident.

(II) That the targets, bull's-eye, centre and outer, are the regulated size.

(III) That the scoring cards are neatly and correctly kept and signed by the individual making the score before he leaves the firing point.

(IV) That the position of the men when firing the Musketry Course is in accordance with that laid down in the firing exercise and regulations.

Precautions at Rifle Practice.

216. In order to provide for the safety of the public, indiscriminate private practice at rifle ranges will not be permitted ; all practice will be so regulated as to ensure the presence of an Officer or Non-Commissioned Officer on all occasions when firing is going on. The Officer, or Non-Commissioned Officer in charge of a firing party will be held responsible for enforcing strict regularity and discipline.

Only Government arms to be used.

217. The only arm and ammunition allowed to be used in Class firing is the rifle and ammunition issued by the Government to the Corps.

Pull of Trigger.

218. The pull of the trigger is to be equivalent to a pressure of not less than six pounds.

Bugler to attend at Rifle Practice, or, in his absence, a Whistle to be used.

219. When Volunteer Corps are carrying out target practice a bugler (if his services can be procured) will be present in accordance with the Musketry Regulations.

Should the services of a bugler not be available, instead of trusting to the voice only, a whistle of sufficient power to be heard at the longer ranges, such as a "pilot whistle" or "railway whistle," will be used to attract the attention of the marker.

Experienced men to act as Markers.

220. None but experienced men will be allowed to act as markers at rifle ranges. The employment of boys in that capacity is prohibited.

Arms to be examined before quitting Range.

221. At the conclusion of the rifle practice (whether it be Class firing, prize shooting, or private practice), the Officers or Non-Commissioned Officers in charge of squads will examine arms before permitting any Volunteer to quit the firing point, and unexpended ammunition will be collected.

To be instructed in Manual Exercises prescribed for Rifle Battalions.

222. Volunteers will be instructed in the manual exercises prescribed for Rifle Battalions.

Musketry Year.—Division of.

223. The Musketry year will be divided as follows ;—1st July to 31st December, Practice, Matches, &c. ; 1st January to 30th June, Class Firing, Field Practice, &c. In Corps who earn Capitation Grant annually instead of half yearly, the musketry course will be carried out between the 1st January and 31st December each year.

Period for Recruits Musketry Course.

224. To facilitate the Musketry Training in Corps in which large numbers of recruits join during the half year July to December, such recruits may be put through their Recruits' Musketry course during that period, the scoring cards and registers to be forwarded weekly.

Free Ammunition Allowance per man per annum.

225. 200 rounds ball and 100 rounds blank ammunition per man per annum will be allowed by Government to Mounted and Infantry Volunteer Corps, and 100 ball and 50 blank to Artillery and to Companies of the Cape Medical Corps. Corps desirous of doing so can draw 30 rounds of Morris Tube ammunition in lieu of 50 rounds of blank.

To be drawn Half-yearly.

226. The above allowance shall be drawn half-yearly, and the rules and instructions in the paragraphs next following will be strictly adhered to.

Registers to be kept.

227. Registers are invariably to be kept on Colonial Forces Forms Nos. 9 and 152, showing the expenditure of the whole of the Government allowance of ammunition.

Registers to be forwarded before fresh issue.

228. No fresh issue of ammunition will be made until the registers showing the expenditure for the previous half-year are received, and in the case of blank and Morris Tube ammunition, a certificate from the Commanding Officer showing the amount of ammunition expended and on hand, is to accompany the requisition for a fresh issue.

Disposal of Surplus Ammunition.

229. Should the supply of ammunition drawn for the half-year January to June not be expended during that period, the target practice registers accounting for the actual expenditure, are nevertheless to be sent in with a statement showing the balance remaining in hand, and the Corps may during the half-year next following (July to December) expend the surplus thus remaining, in addition to the new allowance for that half-year, provided, however, that no individual member shall expend more than 200 rounds of gratis ammunition in any one year.

Number of rounds of Gratis Ammunition allowances expended over 200 rounds per man to be deducted from next issue.

230. The number of rounds of gratis ammunition expended by individual members over and beyond 200 rounds will be deducted from the quantity next falling due to the Corps, or the value thereof may be deducted from the Capitation Grant.

Target Registers.

231. All Target Registers are to be sent to the Colonial Military Secretary (for transmission to the Senior Ordnance Officer), accounting for the expenditure of ammunition for each half year, and Corps will receive (on requisition) such quantity of ammunition as will, when added to any surplus stock remaining in hand, make up the quantity to which the Corps, according to its strength on the 30th June and 31st December, becomes entitled, subject of course to deductions under paragraph 230.

Ammunition not drawn, forfeited.

232. All ammunition for a year not drawn by the 30th June will be forfeited. The year is reckoned to begin on the 1st July.

Ammunition on repayment.

233. When ammunition is required on repayment, the requisition is to be accompanied by a Post Office Order or Bank Draft, payable to the Principal Paymaster, Cape Colonial Forces, and a certificate that such Ammunition will be expended solely by members of the Corps.

WARNING.

DANGER FROM ELECTRIC SHOCK WHEN USING A BATH.

THE following memorandum by the Acting Government Electrician is hereby published for general information.

HENRY DE SMIDT,
Assistant Treasurer.

The attention of the public is drawn to the danger that exists in connection with the use of electric light in bathrooms, either public or private.

The electric light switches, most usually employed, have brass covers and brass knobs, and it is quite possible that this metal work may be in unsuspected contact with the electric supply wires.

In such a case, a person standing on a dry wooden floor, and using the switch, would not notice any defect, but anyone in the act of taking a bath, or standing with bare feet on a wet or metallic floor, and attempting to turn on the light, would receive a very severe shock, which would probably prove fatal even at the comparatively low pressure of 220 volts employed in Cape Town. The same danger exists in connection with other parts of the electric fittings, such as lampholders, keyswitches, metal tubing through which wires are sometimes run, and the flexible suspension cords, any of which may become charged electrically in a similar manner to the brass switch covers.

The precautions to be adopted to secure perfect safety are, to have all metallic tubing that may be employed, and the electric fittings themselves, placed in such a position that they cannot possibly be touched by a person standing in, or on the edge of a bath, and are out of reach from the floor; and to have none but switches with porcelain covers and handles inside bathrooms, or better still have them placed outside the room altogether. Under no circumstances should combined switches and lampholders (known as "keyholders"), be employed in bathrooms.

JOHN DENHAM,
Acting Government Electrician.

REGULATIONS (UNDER THE COLONIAL FORCES ACT, 1892), FOR THE VOLUNTEER FORCE.

N.B.—Sections I to XIX were published in *Government Gazette* of the 4th December, 1903.

XX.—CAMPS AND MARCHING COLUMNS.

Brigade Camps.

234. When practicable Brigade Camps will be formed annually, composed of such Corps, and at such time and place as the Government may direct.

Regimental Camps to be arranged by C.O.

235. Regimental Camps may be arranged by Commanding Officers of Corps under such conditions as may be authorized by the Commandant General, Cape Colonial Forces. They will be held under the immediate supervision of the responsible Officer, and in every case a detailed report on the arrangements of the Camp, nature of instruction, &c., shall be furnished by him to the Colonial Military Secretary immediately after such camp has broken up.

Camps composed of different Corps.—Number of Officers to attend.

236. Camps may be composed of complete Corps, of several different Corps, or detachments of Corps formed into provisional Battalions. In the latter case only three Officers will be allowed to each Company, and the number of Field Officers and Staff will not exceed, for the strength of the provisional Battalion, the proportions shown in Appendix II.

Duration of Camp.—Restrictions as to.

237. No Camp of Exercise can be recognized which does not last at least three full working days and at which less than 50 of all ranks remain in Camp for the full period. And no allowance for transport, rations, &c, can be made on account of any Volunteer who does not remain at least three consecutive full working days in camp.

Definition of Working Day.

238. In cases where it can be shown that a *bona fide* day's military work has been performed, although, owing to exceptional circumstances, the day's attendance has not been of the full 24 hours' duration, and it can be shown also that no advantage could have accrued from the Corps or individual remaining to complete the prescribed number of hours, such day may be counted as a full working day.

Allowance for attendance, five full days or over.

239. In Camps formed for not less than five full working days, and at which not less than 100 Volunteers attend during the full period, an extra allowance for members will remain not less than four consecutive days in Camp who receive consideration.

Special Camps.—Authority for.

240. When it is desired to hold a Camp under conditions not provided for under the preceding paragraphs, special application must be made at least six weeks before it is proposed to hold the Camp, through the Colonial Military Secretary, giving full particulars, when the formation of, and allowances for, such a Camp may be authorised by the Commandant General, Cape Colonial Forces.

Disposal of Allowance.

241. The allowance granted for Camps will be paid to Corps, for disposal by Commanding Officers, in such manner as they, with the advice of their Finance Committee, may decide.

C.O. should obtain notice in writing of the intention of members' attendance.

242. Commanding Officers of Corps should obtain from those under their command, who express willingness to attend a Camp, a statement in writing to that effect, with the number of days, and dates on which they will be present, so that some idea may be had of the numbers who will be present, and for whom provision has to be made.

Penalty for failing to attend Camp.

243. A Volunteer who, without good and substantial reason, after having undertaken to attend Camp for a specified number of days, fails to do so, shall be liable to a penalty not exceeding 10 shillings, such penalty, if not paid by the date fixed, being recoverable in the usual way under paragraph 367.

Bandsmen not to be included in minimum strength.

244. Bandsmen, except those joining the ranks during an encampment, are not to be included in the minimum strength fixed under paragraphs 237 and 239.

Servants.

245. The following is the scale of Servants allowed to Officers:—

1 for each Field Officer.
1 for every Mounted Officer (other than Field Officers) when horses are taken.
1 for every 3 such Officers when without their horses.
1 for every 3 dismounted Officers.

Camp duties to be performed by Volunteers.

246. Volunteers will perform fatigue, cooking, and other Camp duties. One of the chief objects in allowing Volunteers to attend Military Camps is that they should learn the duties connected with the details of Encampments, such as constructing kitchens, latrines, &c.; filling in ground, cutting up and issuing rations, &c.; and it is therefore desirable that such work should be performed by the Volunteers themselves. If, however, they are unable, from any circumstances, to carry out these duties, any gratuity for the performance of the same by Regular Troops, or other persons, will be a matter of arrangement by the Commanding Officers of Volunteers.

Military assistance may be obtained for Quartermaster from the Regular Forces.

247. A Sergeant and some private soldiers from the Imperial Service, when applied for and obtainable, will be attached to Corps for the purpose of assisting Volunteer Quartermasters in pitching, striking, packing and unpacking tents, baggage arrangements, and other duties connected with Camp life.

Quartermasters' Duties.

248. Quartermasters and Quartermaster-Sergeants, with a small advance party, will precede their Corps in order to carry out arrangements regarding Camp equipment, rations, etc.

Quartermasters to be informed of numbers.

249. The Quartermaster, or person acting for him, must bring to Camp, or arrange to furnish at the earliest possible date, the exact strength for which he is to provide.

Brigade Camps, Marching in State, and Nominal Roll.

250. Immediately on the arrival of a Corps in a Brigade Camp, a Marching-in-State, giving the actual strength of the Corps present in Camp, will be sent to the Brigade Office; and within one hour thereafter, a nominal roll on Colonial Forces Form No. 155 will be furnished—a like return will be sent in daily for all men who subsequently join or leave Camp.

Nominal Rolls in Regimental Camps.

251. When Regimental Camps are authorized, a nominal roll on Colonial Forces Form No. 155, giving the hour that each individual joined and left Camp, is to be sent to the Colonial Military Secretary immediately after such Camp has been held.

Artillery Gun Practice to be carried out in Camp.

252. A portion of the annual gun practice of Artillery Volunteer Corps forming a regimental Camp will be carried on in such Camp.

Night Attacks not to be made without authority.

253. No attack will be made by any Volunteer Corps either by day or night, on any quarters or encampment of Volunteers, unless the permission of superior authority for such an attack has first been obtained.

MARCHING COLUMNS.

Marching Columns to be composed of various Arms for Instruction.

254. Marching Columns are intended to afford instruction in the details of Military movements on the line of march, and should be composed, where practicable, of various arms of the Service. They will be organised under the direction of the Commandant General, Cape Colonial Forces, and be under the command of specially selected Officers.

Individual arrangements.

255. The individual arrangements of detachments composing a marching column will be made by the Corps which furnishes the detachment, under the instructions of the Officer selected to command the Column.

XXI.—DISCIPLINE AND COMMAND.

To assemble when called out for Active or Military Service.—Absentees to be deemed Deserters.

256. Every Officer and Volunteer belonging to a Corps called out for Active or Military Service shall be bound to assemble as the Governor may direct, and march, according to orders, within the area in which they are liable for service. If any such Officer or Volunteer, not incapacitated for Military Service by infirmity (duly certified by a Medical Officer), refuses or neglects to assemble or march, he shall be deemed to be a deserter.

Subject to Part II. when being trained with Military Force, or when called out to aid Civil Power, etc

257. Volunteers become subject to Part II of the Colonial Forces Act when being trained or exercised with any portion of His Majesty's Regular Forces or of the Permanent Colonial Forces, or when assembled in a Camp of Instruction or Exercise. Also when called out for Active or Military Service or to aid the civil power in the protection of life and property.

Commanding Officers should invariably caution those under their command of this liability before they enter upon any duty which renders them liable to it; the omission of the Commanding Officer to do so will, however, in no way exonerate a Volunteer from the provisions of the Colonial Forces Act.

Discipline when not on actual Military Service.

258. With respect to the discipline of Officers and Volunteers, the following provisions shall take effect and be in force while they are not on actual Military Service.

The Commanding Officer may dismiss or discharge from the Corps any Volunteer, and strike him off the Muster Roll, either for disobedience of orders while doing any Military duty with his Corps,—or for neglect of duty, or misconduct by him as a member of the Corps,—or for other sufficient cause, the existence and sufficiency of which respectively shall be judged by the Commanding Officer. A Volunteer so dismissed or discharged shall, nevertheless, be liable to deliver up in good order, fair wear and tear only excepted, all arms, clothing and appointments, being public property or property of his Corps, issued to him, and pay all money due or becoming due by him, under the rules of his Corps, either before or at the time or by reason of his dismissal or discharge. But no sentence of dismissal shall be carried into effect until it has been submitted to and confirmed by the Colonial Military Secretary, and nothing herein shall prevent the Governor from signifying his pleasure in such manner, and giving such directions, with respect to any case of dismissal or discharge, as to the Governor may appear just and proper.

Dismissal to be notified in Regimental Orders, but not in the Public Newspapers.

259. When a Volunteer has been dismissed or discharged for an offence committed by him, a notification of the fact, with the cause of dismissal or discharge, will be inserted in Regimental Orders. In the copy of Regimental Orders sent to the press for publication reference to the cause of discharge should be omitted, and the notification is only to appear once.

Right to Appeal after Dismissal.

260. A Volunteer dismissed by his Commanding Officer shall have the right to appeal to the Commandant General, Cape Colonial Forces, through the Colonial Military Secretary.

All orders to be obeyed without hesitation.—If aggrieved, can make complaint afterwards.

261. An order given by a superior Officer must be obeyed without hesitation, and no altercation as to the propriety or justice of such an order is permitted. Any individual thinking himself aggrieved can make his complaint after he has obeyed the order.

Officers and N.C.O.'s are to obey all orders, and to see that they are obeyed by those under them.

262. Officers and Non-Commissioned Officers are expected not only to obey all orders themselves but to see that they are obeyed by those under them. They must be firm and decided in giving and carrying out orders, yet temperate in their manners, and always kind and considerate to their juniors.

When in Uniform, to salute Regular and Volunteer Officers in Uniform.

263. Volunteers in uniform shall salute all Officers of the Regular and Volunteer Force in uniform.

When at Shooting Matches, senior present considered as in command, but only responsible for order and discipline.

264. When Volunteers belonging to one or more Corps are brought together under arms at rifle-shooting matches, or on other occasions of a like nature, the Senior Officer present will be considered as in command of all the Volunteers upon the ground; and, although his position in this respect does not involve any authority for his interference in the arrangements of the meeting, he is held responsible for the due maintenance of order and discipline amongst such Volunteers under arms.

Suspension of Officers.—When suspended for Military Offences, Volunteers to deliver up Arms, etc.

265. The Commandant General, Cape Colonial Forces, has the power to suspend any Volunteer Officer, and any Volunteer may for any military offence be suspended by his Commanding Officer from all military duty and privileges, and members so suspended will, on demand, deliver up their arms, accoutrements, uniforms, or property belonging to the Government, or the Corps, to such person as the Commanding Officer may direct.

Meetings not to be held to express opinion on acts of C.O., etc.—No meetings to be called, except by due authority.

266. Meetings will not be held in Corps for the purpose of expressing an opinion upon the acts of a Commanding Officer, or of recommending him to take a particular course of action, nor will memorials be drawn up to the same effect, and no meetings except those called together by or under the authority of the Commandant-General, Cape Colonial Forces, Colonial Military Secretary, or the Commanding Officer of the Corps will be recognised.

Appeals to be made through Captain of Battery or Company.

267. If any Volunteer thinks himself aggrieved, he can represent his case to the Captain of his Battery, or Company. Any appeal against the decision of the Captain will be made through him to the Commanding Officer, any further appeal must be made through both these Officers to the Colonial Military Secretary, who will deal with the case, or, if he thinks necessary, forward it to the Commandant General, Cape Colonial Forces, for disposal.

Not to attend political meetings in uniform.

268. Members of Corps will not individually or collectively attend political meetings, or join in any public political discussion or demonstration, in uniform.

No political matter to be introduced in speeches made at a Corps Meeting.—Senior Officer present can dissolve meeting.

269. It is to be understood that if at any meeting of Volunteers in uniform, political matter of a controversial nature is introduced into any speech delivered to the meeting, it will be the duty of the Senior Officer present to take steps to prevent a breach of the above regulation. It will probably be sufficient to call the attention of the speaker to the position in which the meeting is placed by the nature of his address; but if this course does not avail, it will be the duty of the Senior Officer to dissolve the meeting and to direct the Officers and men present in uniform to withdraw.

Standing Orders not to be altered.

270. An Officer in temporary command is not to issue any standing orders or alter those promulgated by the permanent Commanding Officer without reference to him or to the Colonial Military Secretary, and the permanent Commanding Officer of a Corps, when absent from it, is not to issue Regimental or Corps orders.

Writing to the Press strictly prohibited.

271. The practice of Volunteers writing to the public press for the purpose of ventilating their grievances is strictly prohibited.

Authority for investigation of an Officer's conduct by a Court of Enquiry must be obtained through the Colonial Military Secretary.

272. If it is found necessary to cause the conduct of an Officer to be investigated by a Court of Inquiry, the authority of the Commandant General, Cape Colonial Forces, for convening the court must be obtained through the Colonial Military Secretary.

Disrespectful language to an Officer to be dealt with under Section 30.

273. Any Volunteer, whether in uniform or not in uniform, who deliberately and wilfully uses language (either orally or in writing) towards an Officer, in his capacity as an Officer, calculated to bring such Officer into contempt or disrepute as an Officer, shall be deemed to have contravened a regulation made by the Governor, and may be dealt with under Section 30 of the Colonial Forces Act.

C.O. is alone responsible for efficiency of Corps.

274. Volunteers should remember that it is the Commanding Officer, and not the individual Volunteer who is responsible to Government for the efficiency of his Corps; it is therefore the duty of those under his command to render him due support and assistance in every respect.

If it can be proved against any Volunteer that he is working contrary to the spirit of this regulation, his Commanding Officer will, if an Officer, report him to the Colonial Military Secretary, and if a member other than an Officer, deal with the case as a breach of discipline under paragraph 258.

Rules of Procedure when cases are brought before a Commanding Officer.

275. In dealing with cases brought before them, Commanding Officers are to be guided by the following paragraphs relative thereto:—

1. The case of an Officer charged with committing any offence may be referred to a Court of Enquiry, and need not, unless the Officer requires it, be formally investigated before his Commanding Officer. In the case of a Volunteer, however, the charge or crime must be investigated by the Commanding Officer himself, or by an Officer to whom he has delegated the conduct of the investigation.
2. This duty of investigation by the Commanding Officer requires deliberation, and the exercise of temper and judgment in the interest alike of discipline and of justice to the individual charged. The investigation should, as a rule, take place in the Orderly Room, and must be conducted in the presence of the person charged.
3. After the nature of the offence has been made known to the individual, the witnesses present on the spot, who depose to the facts for which he has been brought up, are examined.
4. The Commanding Officer, after hearing what is urged against the prisoner, will, if he is of opinion that no offence at all, or no offence requiring notice, has been made out, at once dismiss the charge. Otherwise he must ask the prisoner what he has to say in his defence, and whether he has any witnesses to call, and will give him full opportunity both of making a statement and of supporting it by evidence.

If accused fails to attend, the offence considered proved.

5. If no investigation can be held owing to the non-attendance of the accused Volunteer, the Commanding Officer will enquire into the cause of absence, and should it be conclusive that non-attendance was the result of wilful disregard, or neglect, of the order to attend, the case shall be dealt with as having been proved against the prisoner.

Powers of Commanding Officers on Military Service, etc., as to summary punishment.

276. The power of summary punishment vested in Commanding Officers in dealing with cases brought before them while Volunteers are on Military Service at Camps of Exercise or instruction, as prescribed under Part II of the Colonial Forces Act and Regulations framed thereunder, are as follows:—

If the Commanding Officer is not below the rank of Lieut.-Colonel, then vide paragraphs (*a*), (*b*), (*d*) and (*e*) of Sub-section 1 of Section 17 of the Act.

If below the rank of Lieut.-Colonel, then paragraphs (*d*) and (*e*) of Sub-section 1 of Section 47 of the Act.

If the Commanding Officer is of opinion that the charge against a prisoner is too serious to be dealt with under his summary jurisdiction, he will report the matter to superior authority in the manner prescribed in paragraph 11 of the Regulations under Part II of the Colonial Forces Act.

XXII.—DUTIES.

C.O. is responsible for efficiency of Corps, and that Government property is accounted for.

277. Commanding Officers are held responsible:—

(*e*) That when required to furnish guards, fatigues, or other duties, the men are taken, as far as can be arranged, from the same unit, and under the Officer or Non-Commissioned Officers of their respective units or sections.

Sections to be grouped according to locality of residence, as far as possible.

(*f*) That when dividing their Battery or Company into sections and posting the Non-Commissioned Officers, the places of residence of the men are taken into consideration, so as to facilitate as far as possible ready communication between the Non-Commissioned Officers and the men of their respective squads.

Duties of Lieutenants.

279. Subaltern Officers are not only to keep correct nominal rolls, with addresses, number of the rifle, and other information regarding Government or Corps property in possession of the men at their respective sections or half-companies, but to assist the Officer Commanding their Battery or Company in maintaining discipline and good order.

280. Quartermasters are specially charged with the care of all articles of Government and Corps property in store, as well as the keeping of correct records of all receipts into or issues from their store. Their other duties are indicated by the examinations they are required to pass—(see paragraph 63).

Duties of Paymasters.

281. Paymasters are to carry out the duties of Secretary to the Finance Committee; they are responsible that a correct record is kept of all receipts and expenditure from Corps funds, and that the financial statements submitted to the Corps, and to the Inspecting Officer, are true and correctly made out.

XXIII.—DISTRIBUTION OF PRIZES, GUARDS OF HONOUR, SALUTES, AND DECORATIONS.

Distribution of Prizes.

Distribution of Prizes by an Officer of Regular Forces.—Authority to be obtained.

282. In any case in which it may be desired that the prizes for good shooting or other military exercises in a Volunteer Corps should be distributed by an Officer serving on full pay in the Regular Forces, authority will in the first place be obtained by the Commanding Officer, through the usual channel of communication, from the Commandant General, Cape Colonial Forces.

Guards of Honour.

283. A Guard of Honour or Escort may be provided for a member of the Royal Family, or the Governor, on arrival in the neighbourhood of the Head-quarters of the Corps, but in no other case will any body of Volunteers take part in any public procession or ceremony, or form a Guard of Honour, without the special authority of the Commandant General, Cape Colonial Forces.

Permission for Salutes to be obtained.

284. No salutes will be fired by the members of an Artillery Volunteer Corps, as such, without proper authority having been previously obtained for such Salute, through the Colonial Military Secretary.

Salutes by Field and Garrison Artillery.

285. When salutes are fired by Field Artillery, an interval of fifteen seconds is to be allowed between the rounds, but should there be fewer than six guns available, no gun is to be loaded twice in less than one minute. When salutes are fired by Garrison Artillery and the number of guns will admit of it, there will be an interval of fifteen seconds between the rounds, but no gun is to be loaded twice in less than two minutes.

294. Immediately on receipt of additions and alterations to Drill Books and Regulations, Officers Commanding Corps will have their Books amended accordingly.

XXV.—CAPITATION ALLOWANCES.

Capitation Grant in aid of Uniform, etc.—Higher Grant.

295. Capitation Grant is paid to Volunteer Corps as an allowance in aid of the cost of uniform for the rank and file and for Officers uniform at the rate of 25 per cent. of the total cost of the uniform, exclusive of mess dress, which is optional, for the purchase of water-bottles, haversacks, leggings, &c.

In Light Horse Volunteer Corps it is payable yearly in arrears at the rate of £5 per annum, and in other Volunteer Corps half-yearly in arrears at the rate of £4 per annum, on account of every member who qualifies as an efficient by attendance at drill, inspection, gun practice, and class firing under conditions set forth in Sections XVI. and XIX. (see also Appendix VIII.)

Lower Grant for men who fail to do Class Firing or Gun Practice.

296. The allowance mentioned in the preceding paragraph is termed the higher grant. In Light Horse Volunteer Corps a lower grant of £2 10s. will be paid on account of men who during the year ending December attend the number of drills required but either fail to pass out of the 3rd class in Class Firing or fail to do their Class Firing; in other Volunteer Corps a lower grant of £1 will be paid on account of men who during the half-year ending June attend the number of drills required but who either fail to pass into the 2nd class or fail to do their Class Firing, and in Artillery Volunteer Corps for men who attend the required number of drills during a half-year but fail to attend a Gun Practice in any half-year.

When Volunteers do Gun Practice or Class Firing under the conditions prescribed in paragraph 178 (and in Infantry Corps pass into the second class) the difference between the Lower and Higher Grant may be claimed in a supplementary requisition.

Loss of Grant for Misconduct, etc.

297. The above grants will not be paid on account of any Volunteer who has been guilty of misconduct, or who fails to attend the required number of drills, in which case the grant shall be disallowed, and the amount so forfeited shall be recovered, (either wholly or in part, as may be decided,) from the individual, in the following manner:—

The Colonial Military Secretary shall call upon the Commanding Officer for any reasons he may have to advance why the whole amount should not be paid by the individual, on receipt of which the Colonial Military Secretary will fix the amount (if any) to be recovered from the Volunteer who has failed to earn Grant. Notice of the amount so fixed will be issued by the Colonial Military Secretary to be served either personally on the individual or published in Corps Orders in the usual way: if not paid to the Commanding Officer within 14 days, the matter will be reported, and the Colonial Military Secretary will then issue his warrant (for form see Appendix X) directing the Chief Constable of the District (or other person) to recover the amount in the manner therein prescribed.

Soldiers and former Volunteers can claim higher Grant under certain circumstances.

298. The Higher Grant may be claimed for Soldiers discharged from the Imperial Service who join a Volunteer Corps, and for Volunteers who join after having served over two years consecutively in a Corps of the same arm as that to which they previously belonged, provided they attend the number of drills required under paragraph 159, but they must on joining produce to the Commanding Officer their discharge certificate from their previous Corps, a certificate according to the form in Appendix XI. signed by the Commanding Officer must also be attached to the Capitation Requisition.

Transfers to Artillery Corps.

299. Officers and men transferred from Artillery Corps to Corps of the same branch will attend the number of drills required according to the length of their Volunteer Service; transfers from Corps of a different arm, or those joining from the Imperial Service, other than Artillery, will be looked upon as Artillery Recruits and must attend, in their first half-year's service, 14 Gun Drills instead of 4 Gun Drills and 10 Squad and Marching Drills.

Additional Grant for Mounted Infantry Corps.

300. In Mounted Infantry Corps (exclusive of Artillery) an additional Capitation Grant at the rate of £2 per annum may be drawn for all members who have earned grant under Section XVI. This additional Capitation is to be kept as a separate fund, out of which to pay for the up-keep of a horse, saddle and bridle: it can, however, only be claimed on behalf of members who are certified as being actually in possession of a horse, with military saddle and bridle, fit and available for service.

Non-Combatant Officers and Staff-Sergeants exempt from Drill.

301. Non-Combatant Officers and Staff-Sergeants are not required to attend parades other than the Inspection (except Medical Officers of Artillery Corps who are required to attend gun practices). Capitation in their case will be allowed if the Commanding Officer is able to certify that they have performed their duties satisfactorily.

Officers and Instructors need not attend Target Practice to earn Capitation Grant.

302. Officers (other than Subalterns) and Instructors need not go through Target Practice in order to earn Capitation.

Staff-Sergeants.—Certain conditions concerning.

303. Staff-Sergeants, Buglers and Bandsmen, of whose equipment the carbine or rifle does not form a part, are not required to fulfil the musketry requirements in order to earn the Capitation Grant, when once they have been fully trained.

Requisitions for Capitation Grant.—Surcharges to be deducted.

304. Requisitions for Capitation Grant, on the prescribed forms, will be forwarded to the Colonial Military Secretary by Officers Commanding Corps at the expiration of every half-year, and the amounts (subject to audit) will be paid, less any surcharge that the Commandant General, Cape Colonial Forces, may authorise to be deducted.

Grant not to be expended on Entertainments, etc.

305. No part of the Capitation Grant is to be expended on entertainments, presentations, or in the supply of refreshments on occasions unconnected with field movements, gun or rifle practice.

All Funds to be funded as Corps' property, and vested in the Commanding Officer, assisted by a Finance Committee.

306. The funds belonging to a Corps arising from fines, subscriptions, or other sources, shall be added to the Capitation Grant and funded as the property of the Corps, and vested in the Commanding Officer, who shall administer the same, and in such administration the Commanding Officer shall be advised by a committee of not less than two members of the Corps, selected under the rules of such Corps. This committee, with the Commanding Officer as President, will be termed the Finance Committee. Uniforms for the rank

Payments by cheque, and receipts to be obtained.

313. Payments of all kinds are to be made by cheque as far as possible and receipts obtained. All cheques must bear the signature of the Commanding Officer and at least one member of the Finance Committee. In the event of a receipt not being obtainable, a certificate, signed by a member of the Finance Committee, that the amount has actually been paid, will be accepted instead. The receipts and certificates should be numbered and attached to the paid cheques obtained from the Bank, and should be carefully filed for future reference. When the payment has been made in cash, the number of the receipt or certificate should be quoted

On completion of first year's service, having earned £4, free discharge on delivering up in good order and condition, fair wear and tear only excepted, all Corps and Government property.

Value of Uniform on Volunteer claiming Discharge.

323. In subsequent issues made from time to time, the total cost of a complete uniform will be calculated at £5; and the Volunteer will be required on claiming his discharge, to pay half that sum less the amount of Capitation earned subsequent to the issue, subject also to sub-section 2 of section 25 of the Colonial Forces Act.

This rule will also apply to the issue of individual articles from time to time, except that the amount instead of being fixed at £5, will be calculated on the actual cost of the articles.

XXVI.—ARMS, ACCOUTREMENTS, AND UNIFORM.

Accoutrements to be paid for by Corps.

324. Arms, equipment, and accoutrements will be supplied by Government. But in the case of accoutrements an amount equal to 25 per cent. on their value will be deducted from the Capitation Grant each half-year after issue, until the cost thereof is repaid. And on the disbandment of a Corps the Government will have the right to take the accoutrements back at the amount charged, or for such less sum as they may be valued at by the Ordnance Department.

Arms and Accoutrements not to be taken away by members.

325. Arms, equipment, or accoutrements shall not be taken away from the Corps by members leaving, but shall be returned by them, properly cleaned, into such store or other place as the Commanding Officer may direct.

Repairs for fair wear and tear not chargeable to Corps.

326. The repairs of arms and equipment, rendered necessary by fair wear and tear, will be carried out without expense to the Corps.

Repairs in Artillery.

327. In Artillery Corps, minor repairs to Harness, Saddlery, Gun Carriages and Stores will be executed as they become necessary, vouchers, in duplicate, with receipted bills attached, will be submitted each half-year to the Senior Ordnance Officer, through the usual channel. With regard to the painting of gun carriages and limbers, Commanding Officers will annually submit an application for this work to be carried out—they are not to be painted by Corps unless authority has been previously obtained.

Nature of Repairs to be decided by Ordnance Department.

328. The question whether necessary repairs are due to fair wear and tear, shall be decided by the Ordnance Department on the proceedings of a Board, as provided for by paragraph 329.

Arms lost or damaged to be paid for.—Any loss to be reported.

329. Repairs rendered necessary from causes attributable to neglect must be executed at the expense of the individual member responsible, the amount being recovered from him by Officers commanding Corps. If not recovered within reasonable time, the amount may become a charge against the funds of the Corps, and be deducted from the Capitation Grant. This rule will also apply to arms and other Government property not forthcoming or otherwise satisfactorily accounted for when called in. Volunteers should therefore be most careful to report at once any accidental damage or loss of Government property in their possession, and Commanding Officers to cause a Board to enquire into the circumstances of the case, as on the proceedings reaching Colonial Forces Headquarters the article will be struck off charge, or repaired, if it is considered that it can fairly be brought as a charge against the public.

Minor repairs.—Parts to be issued.

330. With regard to minor repairs to arms, in the case of fair wear and tear, the Ordnance Department will issue free of charge the necessary parts, on the usual requisition being made, but the cost for labour in replacing such parts must be defrayed by the Corps.

Commanding Officer to order Arms, etc., into Store if carelessly kept, and fine offender.

331. A Commanding Officer may at any time order arms and accoutrements to be returned into store, and if, upon inspection, he finds that they have been improperly or negligently kept, he may inflict a fine for such negligence not exceeding thirty shillings, which fine shall be paid into the Corps Funds. With a view of carrying out the instructions contained in this paragraph, Commanding Officers will cause all arms on charge of their respective Corps to be inspected, at least once a quarter, by some responsible Officer.

Uniform and Equipment to be approved by Governor

332. The Uniform and Equipments of each Corps will be approved by the Governor. They should in each District as far as possible be similar for each arm of the service, so as to admit of the several Corps being, when necessary, formed into Battalions.

Distinctions in Uniform.

333. The distinctions in Uniforms and Appointments, Badges of efficiency, proficiency, etc., which are prescribed in the Imperial Volunteer Service to denote the rank or length of service of the wearer, the manner and time of wearing certain articles of uniform, etc., shall be observed strictly by Volunteers of the various grades in the Colonial Service, both as regards material and pattern and period of service for earning them, except that the efficiency badge is not to be worn by men who have attended less than 20 drills in a half-year, and the efficiency star unless men have been returned ten times as efficient. In this respect, and in all matters of uniform not specially provided for in these Regulations, the King's Regulations, and Dress Regulations of the Imperial Volunteer Service, are to be taken as the guide in the Colonial Volunteer Force.

Mess Uniform.

334. A Mess Dress to be worn by all ranks at entertainments, etc., may, with the sanction of the Commandant General, Cape Colonial Forces, be adopted by a Volunteer Corps, but its purchase must be optional, and cannot be made a charge against Capitation Grant. The wearing of uniform other than such authorised mess dress or the ordinary uniform of the Corps in the authorised manner at entertainments is prohibited.

XXVII.—COURTS OF ENQUIRY.

Definition of a Court of Enquiry.

335. A Court of Enquiry is not a judicial body. It has no power to administer an oath. It is to be considered as a Board, of which the Governor, the Commandant General, Cape Colonial Forces, or Colonial Military Secretary may make use to assist them in arriving at a correct conclusion on any subject into which it may be expedient for them to institute an enquiry. Form of proceedings *vide* Appendix XX.

Senior Officer of a Garrison may assemble a Court.

336. The Senior Officer of a Garrison of Volunteers composed of two or more Corps may assemble a Court of Enquiry, consisting either of Officers, or Officers and Volunteers, for the purpose of investigating any matter with which he himself has power to deal—or where it is necessary that full evidence should accompany his report to higher authority.

Commanding Officer can assemble a Court.

337. The Commanding Officer of a Corps may also assemble a Court of Enquiry, composed either of Officers and Volunteers belonging to the Corps, or of such Officers or such Volunteers, to enquire into any matter relative to the Corps, or to any Volunteer belonging to his Corps.

Duties of a Court.

338. The duties of a Court of Enquiry will depend upon the instructions which the convening authority may think proper to give. It may either be employed merely in collecting and arranging evidence, or it may, in addition, be directed to give an opinion as to the facts established by that evidence; but it has no power to pronounce any judgment as to the course to be taken by the convening authority in dealing with those facts.

Matters to be investigated to be clearly explained in Instructions to Court.

339. When circumstances connected with the conduct of an individual are submitted for investigation by a Court of Enquiry, the instructions for the guidance of the Court must be sufficiently specific as regards matter, names, dates, and places, to convey clearly to the Court the nature of the subject into which it is appointed to enquire; and also to enable the person, whose conduct is called into question to know what he has to answer to.

Open or Closed Court, at option of Convening Officer.

340. It will rest with the convening authority to decide whether the Court be open or closed.

Evidence to be recorded as given.

341. All evidence taken by a Court of Enquiry will be recorded as nearly as possible in the words of the witness and in the order in which it is received.

Proceedings to be signed by President and members, and sent to Convening Officer.

342. The proceedings, when closed, will be signed by the President and Members, and be forwarded by the former to the convening authority.

A Court may re-assemble, and take Evidence.

343. A Court of Enquiry may be re-assembled as often as the Superior Authority may deem necessary, and on every occasion of its meeting it is competent to receive and record new evidence.

XXVIII.—RULES FOR THE MANAGEMENT OF PROPERTY, ETC.

Rules to be approved by a General Meeting.

344. In order to give legal force to the rules proposed by a Volunteer Corps for the management of its property, finances, and civil affairs, they must be approved at a general meeting of the Officers and other members of the Corps, and submitted by the Commanding Officer for the approval of the Governor.

Corps Rules to be accepted by Volunteer on joining.

345. Every Volunteer on enrolment must accept the rules of his Corps as a condition of his enrolment.

Model set of Rules given as a guidance.

346. A model set of rules is given in Appendix I. for the guidance of Corps in drawing up their rules, but the Commandant General, Cape Colonial Forces, will not object to consider any set of rules drawn up in a different manner, which may be duly submitted to him for the Governor's approval.

Rules must include a Finance Committee.

347. Any rules, or amended rules, submitted for the approval of the Governor, must contain provisions for the appointment of a Finance Committee, consisting of not less than two members beside the Commanding Officer.

Rules to state what persons are eligible for Finance Committee.

348. The rules must state what persons are eligible to be members of the Committee, and whether the members are to be appointed by the Commanding Officer, or elected by the Corps; also the number of persons of whom the Committee is to consist, and how many are to form a quorum.

Time for appointment of Committee.

349. The rules must prescribe in what month the annual appointment of the Finance Committee shall take place.

Rules not to be at variance with the Regulations.

350. It is to be understood that the rules of standing orders of a Corps cannot be at variance with these Regulations, and that the Regulations at all times take precedence of any rules.

Rules may be altered and repealed, but all alterations must be approved by Government. Copy of Rules in print or writing is evidence that they have been approved.

351. The Officers and Volunteers belonging to a Volunteer Corps may from time to time make rules for the management of the property, finances, and civil affairs of the Corps, and may alter or repeal any such rules; but any such rules shall not have effect unless and until the Commanding Officer of the Corps thinks fit to transmit the same for the Governor's approval, and such approval, signified through the Commandant General, Cape Colonial Forces, notified to the Commanding Officer of the Corps, to be by him forthwith communicated to the Corps; whereupon the rules so approved shall be binding on all persons.

A copy of the rules in print or writing, or partly in print and partly in writing, certified under the hand of the Commanding Officer as a true copy of the rules whereof the Governor's approval has been notified as aforesaid, shall be conclusive evidence of the rules of the Corps.

Penalty on conviction of any person making away with Government or Corps' Property.

352. If any person fails to produce, designedly makes away with, sells, pawns, wrongfully destroys, wrongfully damages, or negligently loses, anything issued to him as a Volunteer, or wrongfully refuses or wrongfully neglects to deliver up at such place as the Commanding Officer may appoint, anything issued to him, as a Volunteer, the value thereof shall be recoverable from him, with costs, and he shall also for every such offence of designedly making away with, selling, pawning, wrongfully destroying, wilfully damaging, negligently losing, or neglecting to deliver into store at such place as his Commanding Officer may appoint, be liable, on the prosecution of the Commanding Officer of the Corps, to a penalty not exceeding £10.

Refusing to give up Government Property.—Search for Property on premises can be made. Suspected of leaving district, warrant for arrest can be issued.

353. Where any person neglects or refuses on demand made as hereinafter mentioned to deliver up, or return into store if required, any property (whether arms, clothing, appointments, ammunition, or public stores), which is public property or the property of a Volunteer Corps, and has been issued to such person, or is in his possession or keeping as an Officer or Volunteer, any Magistrate may, upon reasonable ground being shown for a suspicion that the property is to be found on any premises, issue a warrant under his hand empowering the person therein named to enter upon such premises and search for the property, and the person so empowered may enter and search accordingly, and shall seize such property, if found, and remove the same with all convenient speed to such place as may be directed by the Commanding Officer, Officer, person, or Adjutant who made the demand. Or if the Commanding or other Officer of a Corps have reasonable grounds for believing that such Officer or Volunteer is leaving or has left the District without having returned, or is taking with him without permission, any public property, or the property of a Volunteer Corps, that has been issued to such person or in his possession or keeping, any Magistrate may on the sworn affidavit of such Officer issue a warrant for the arrest of such person, and such person shall on conviction be liable to the penalties provided for in paragraph 352 above.

Penalty may be enforced notwithstanding seizure.

354. Notwithstanding any such seizure and removal, the same penalty may be enforced against any person, and the value of any such property may be recovered from the person neglecting or refusing as aforesaid.

Jurisdiction by any Magistrate.

355. The jurisdiction under this Section may be exercised by any Magistrate who has jurisdiction with respect to the recovery of a penalty.

Persons who can make the demand.

356. A demand may be made by the following persons, viz.:—

(I) In any case by the Ministerial Head of the Department or Commandant General, Cape Colonial Forces, or any person authorised in writing by either of them.

(II) In the case of any Volunteer and any Officer of inferior rank to the person making the demand, by the Commanding Officer or Adjutant of the Volunteer Corps to which such property belongs, or to which such Volunteer or Officer belongs.

Manner of delivery of a demand.—Published in Orderly Room or in Notices.

357. The demand may be made by the delivery of a written notice to the person upon whom the demand is made, or by leaving the same at his usual or last known place of abode, or, if no such abode is known, by affixing the same at the Orderly Room of the Corps or Regiment to which he belongs or belonged, or by publication in orders where notices relating to such Corps or Regiments are usually published.

Penalty for buying Government or Corps' Property from a Volunteer.

358. If any person knowingly buys or takes in exchange from any Volunteer, or any person acting on his behalf, or solicits or entices any Volunteer to sell, or knowingly assists or acts for any Volunteer in selling, or has in his possession or keeping, without satisfactorily accounting for, any arms, clothing, or appointments, being public property, or property of any Volunteer Corps, or any public stores or ammunition issued for the use of any such Corps or Regiment, he shall, on the first commission by him of any such offence, be liable to a penalty not exceeding ten pounds, and shall on a second and every other subsequent commission by him of any such offence, and on being convicted thereof in the like course of proceeding as that in which any such penalty is recoverable, be liable to a penalty not exceeding ten pounds, or less than five pounds.

Pawning defined.

359. The paragraphs which relate to the wrongful buying and selling of any property (whether arms, clothing, appointments, ammunition, or public stores), which is public property or the property of a Corps or a Regiment, shall extend to the pawning and taking in pawn of such property, and be construed as if the words "buy," "sell," and "selling," included "take in pawn," "pawn," and "pawning" respectively.

Commanding Officer can seize Arms, etc., found in possession of persons to whom they were not issued.

360. It shall be lawful for the Commanding Officer of any Corps to take possession of, or cause to be taken possession of, any rifle or other Government or Corps property that he may find, or ascertain, is in the possession of any person or persons other than the Volunteer to whom it was issued.

361. The Commanding Officer of any Corps or Regiment may appear before any Magistrate, by a properly enrolled law agent, the Adjutant or Sergeant-Major of such Corps or Regiment, or any member of the Staff of the Corps or Regiment, authorised in writing under the hand of such Commanding Officer.

Wilful Damage to Butts and Targets.

362. If any person wilfully commits any damage to any butt or target belonging to or lawfully used by any Volunteer Corps or Regiment or without the leave of the Commanding Officer of the Corps or Regiment, searches for bullets in or otherwise disturbs the soil forming such butt or target, he shall for every such offence be liable, on the prosecution of the Commanding Officer, to a penalty not exceeding five pounds.

Penalties to go to General Fund.

363. Any pecuniary penalty recovered summarily on the prosecution of the Commanding Officer of a Volunteer Corps or Regiment shall be paid to the Commanding Officer, and be applied as part of the general fund of the Corps or Regiment.

Money recovered for loss of Government Property to be sent to the Accounting Officer.

364. All money recovered by the Commanding Officer of a Volunteer Corps as being the actual value of Government property which has been wrongfully sold, lost, pawned, destroyed, or damaged, shall at once be forwarded by him to the Principal Paymaster, Cape Colonial Forces, through the Colonial Military Secretary.

All Government Property to be delivered up on disbandment of Corps.

365. Upon the disbanding of any Corps, the Volunteers who previous to such disbanding had served in the said Corps, shall forthwith deliver up, as they shall be required, all arms, accoutrements, and clothing, not their own individual property, and such disbanded Volunteers shall be held amenable to these Regulations until such arms, accoutrements, and clothing have been recovered from them.

Penalty for refusing to deliver up Arms when Corps is disbanded.

366. If any member of a Corps disbanded by the Governor shall refuse or neglect to give up to such person as the Governor may direct, any article supplied to him at the public expense as a member of the Volunteer Force, he shall be liable to pay a sum of money equal to double the cost price of such article, which may be recovered from him with costs in the usual manner before the Resident Magistrate of the District.

Mode of recovering Fines and Penalties.

367. All fines and penalties which the Colonial Military Secretary and a Commanding Officer of a Corps are empowered to inflict under these Regulations, as well as Subsection I. (e) of Section 47 of the Colonial Forces Act and the authorised rules of the Corps, shall, save as specially excepted, be recovered as follows:—

In case of non-payment thereof within fourteen days after such fine or penalty shall have been inflicted, the same shall, with the costs thereof, be levied by warrant of distress, and shall be raised by the sale of goods and chattels of the Volunteer liable for such fine or penalty, and such warrant may be addressed to any person whom the Colonial Military Secretary or Commanding Officer for the time being may empower and appoint. Nothing herein, however, shall prevent a Commanding Officer from proceeding against a Volunteer in the ordinary way before the Resident Magistrate instead of by his own warrant if he shall so see fit. Any penalties incurred under this XXVIII Section of these Regulations, or in the event of a return of *nulla bona* in the case of a warrant, shall be recovered in the usual way before the Resident Magistrate.

XXIX.—CADET CORPS.

Age.

368. Cadet Corps are formed of youths of twelve years of age and upwards, but not exceeding seventeen, unless they are scholars at the college or school to which the Cadet Corps belongs. This rule does not apply in the case of Officers.

Formation.

369. Proposals to form Cadet Corps will be addressed to the Colonial Military Secretary for submission to the Commandant General, Cape Colonial Forces.

The following particulars must accompany the application:—

(1) Proposed title of Corps.
(2) Full names of the gentleman whom it is proposed shall command it (who should, if possible, be a master of the college or school), together with the full names of the other Officers.
(3) Nominal roll of lads (not less than 40) who are prepared to join it.
(4) An undertaking from the authorities of the college or school that should the formation of the Corps be sanctioned, its Cadets will only be allowed to absent themselves from drill by obtaining leave from the Principal or some other master authorised by him to grant it, and that leave will only be given on reasonable grounds.

Establishment.

370. An establishment is allotted to every Cadet Corps on its formation. No Company is to consist of less than 40 or more than 80 boys.

Not for Service.—Drill Instructors.—Issue of Ammunition.

371. The members of a Cadet Corps are not enrolled for service, and will not be required to take the oath prescribed for Volunteers on attestation. Instructors will be allowed for Cadet Corps at the public expense, and Corps will be supplied with arms, bandoliers, and ammunition at the rate of 30 rounds blank and 75 rounds ball per Cadet per half-year; no fresh issue will, however, be made on account of any Cadet who during his second and subsequent half-year does not fire at least 30 rounds at Class firing during the half-year for which the ammunition was sanctioned. In the first half-year of his service a Cadet may expend the whole of the 75 rounds of ball ammunition in practice; any of these rounds, however, not so expended during his first half-year must be counted in as part of the 75 rounds, to which he becomes entitled in his second half-year. When requisitioning for ammunition, Commanding Officers are to show the number of Cadets who are in their first half-year's service. Supplementary requisitions may be sent in for lads who join during a half-year after the usual half-year demand has been sent in.

No Commissions issued.

372. Officers of Cadet Corps will be appointed from time to time in the same manner as in the case of ordinary Volunteers, but they will not be appointed 2nd Lieutenants, and will hold honorary and not substantive rank, and no commission will be issued to them.

Commanding Officer.—Resignation.

373. When it is known that a Cadet Commanding Officer will not return to the command of the Corps at the expiration of a school term, he should submit his resignation, and the name of his proposed successor, before the school breaks up, so that all Government and Corps property may be properly handed over before his departure.

Number of Officers allowed.

374. The proportion of Officers and Non-commissioned Officers allotted to a Company of Volunteers will apply equally to Cadets.

Capitation Grant.

375. Cadet Corps will be allowed Capitation Grant as follows:—

For Cadets of four months' service and over, who have attended not less than 20 drills, £1 per half-year. For Cadets of over two and under four months, who have attended not less than 12 drills, a short service grant of 5s.

The sum of 5s., however, will be deducted from the Capitation Grant of Cadets who have not, in their second and subsequent half-years, fired the Musketry Course for Cadets, viz., 30 or 60 rounds, as the case may be, and passed into the Second Class, *i.e.*, a Cadet must in one trial of 30 rounds make 50 points, in addition to attending the required number of drills in each half-year.

Class Firing.

376. The Class Firing Course for Cadets will be as follows:—

Ten rounds at 100 yards. Five Standing, 5 Kneeling.
Ten rounds at 200 yards. Kneeling.

Bull's-eye (5 points): 8 inches in dameter.
Inner (4 points): 16 inches in diameter.
Magpie (3 points): 24 inches in diameter
Outer (2 points): Remainder of target.

All those making 50 points and under 75 will be classed as Second Class Shots; those making 75 and under 90 points, First Class Shots; those making 90 points and over will be classed as Marksmen.

Precautions to be taken at the Range.

377. The greatest care must be taken to train a Cadet armed with the Snider Carbine to come to half cock, after firing a shot, and preparatory to extracting the empty cartridge case. Each Cadet proceeding to a range for the purpose of firing with ball cartridge must be in possession of a carbine, and on no account are two or more lads to be permitted to fire out of the same carbine.

No Cadet is on any account to have a supply of cartridges in his possession while in the ranks; cartridges should be placed at the firing point, and when a Cadet is in a position to fire, a single round should be served out for each shot that he is to fire.

Drills for Class Firing.

378. Cadets may be credited with the following drills each half-year in connection with Class Firing:—One drill if the Class Firing has been carried out in one day, and two drills if it has taken two days, but not more than two drills can be allowed for Class Firing in any half-year.

Uniform of Officers.

379. It is expected that, as a rule, the uniform of Officers of Cadets will be of the same quality as that of other members of the Corps. On no account, however, is a sum of more than two pounds to be taken out of a Corps' Fund (over and beyond the ordinary cost of a Cadet's uniform) for badges, etc., to distinguish the uniform of Officers from those of other ranks.

Transfer of Officers to Volunteer Corps.

380. An Officer of a Cadet Corps transferred to a Volunteer Corps will be allowed to count any service as a Cadet Officer he may have put in after reaching the age of twenty.

Volunteer Regulations applicable.

381. In cases not otherwise provided for, the Volunteer Regulations will be considered to apply, *mutatis mutandis*, to Cadet Corps.

XXX.—RULES FOR MOUNTED RIFLE CLUBS AND ASSOCIATIONS.

Constitution.

382. Mounted Rifle Clubs or Associations are raised under the Colonial Forces Act, 1892, and are subject to the provisions of the Act and to all regulations made with regard to Rifle Clubs or Associations by the authority of the Governor.

Establishment.

383. The minimum strength of a Mounted Rifle Club will be 20.

Formation.

384. Persons wishing to form a Mounted Rifle Club should place themselves in communication with the Colonial Military Secretary, who shall submit the offer with his report to the Commandant General, Cape Colonial Forces, for the consideration of Government. The following particulars should accompany the application:—

(1) Title of proposed Club.
(2) Nominal Roll, containing the signatures of those wishing to join.
(3) Names of proposed Officers.

Designation.

385. Each Rifle Club will bear a number, and a further designation may be selected by its members—for example: No. 1 (Willowvale Rifle Club).

Membership.

386. Every member of a Mounted Rifle Club shall take the oath of allegiance as prescribed for Volunteers in paragraphs 40 and 138 of the Regulations, and shall be attested on C.C.F. Form No. 182b (Appendix VII.).

Officers.

387. Each Rifle Club will be commanded by a Captain, assisted by one or more Lieutenants. The gentlemen to fill these posts will be elected by the members of the Club, the majority of votes deciding the election.

Combined Musters.

388. When different Clubs meet together for their half-yearly musters, or for other purposes, the whole will be under the control and supervision of the Senior Captain (who while so acting will be styled Captain Commandant).

Commandant.

389. When there is more than one Rifle Club in a District, such Rifle Clubs may elect some gentleman, other than one of the Captains of a Club, to be their Commandant.

Proportion of Officers.

390. The proportion of Officers to other ranks will be as follows:—

Under 40 members, 1 Captain, 1 Lieutenant.
Forty members and over, 1 Captain and 2 Lieutenants.

Maximum strength.

391. No Club is to exceed a total of 100 members.

Commissions not granted.

392. Commissions will not be granted to Officers, notification of appointment in the Cape Colonial Forces Orders being sufficient.

Duties of Officers.

393. The Commandant will superintend and regulate all matters connected with the half-yearly musters, and will be responsible that all orders in connection with these musters are carried out.

The Captain will carry out all duties in connection with half-yearly musters and the meetings of his Club, and will arrange for orders, etc., being made known to the members. He will be the Officer under whom members will act in case of having to take the field, and will be the medium of communication between the members and the Commandant, and will generally do his best to advance the interests of his Club. In these duties he will be assisted by the Lieutenant, who will also take command of the Club, should the Captain at any time be absent.

Responsibility.

394. Captains of Clubs will be responsible for all Government arms, accoutrements, etc., in possession of the Club. They will keep a book containing a correct nominal roll (with date of election) of the members of the Club, showing the men to whom the arms, etc., are issued, and will receive their signatures in the presence of a witness as having received such arms, etc. The Captain of a Club will be held directly responsible for Government property, and it will be for the Club to make such arrangements as it may think best, in conjunction with the Captain, to meet loss or damage to Government property.

Recovery of Property.

395. The rules prescribed in the Volunteer Regulations for the recovery of Government or Corps property, or their equivalent, shall apply equally to Mounted Rifle Clubs.

Appointment of Non-Commissioned Officers.

396. Non-commissioned Officers will be appointed by the Captain of the Club, and are not to exceed the proportion laid down in the Volunteer Regulations for Mounted Rifle Volunteers.

New Members.

397. New members will be subject to election by the members of the Club, and no man may be a member of more than one Rifle Club at the same time.

Uniform.

398. No uniform need be worn unless the whole Club decides to adopt some distinctive dress, in which case a description of the uniform decided upon must be submitted to the Colonial Military Secretary for approval by the Governor, and it must be worn by every member of the Club on occasions when the Club is ordered to assemble in uniform.

Drill.

399. Members of a Club will only be required to learn sufficient Mounted Infantry drill to enable them when assembled to move without confusion. The drill will consist of the "formation of Sections," advancing, and retiring in line, and in extended order, wheeling to the right and left in Sections, formations to the front and flanks, and the general rules for dismounted duty as prescribed in the Manual of Instructions for Mounted Infantry. Instructors will, if required, be allowed to Clubs for a short period, until the Officers are able to command on parade.

Possession of Horse and Appointments.

400. Every member of a Mounted Rifle Club or Association must be in possession of a horse, saddle and bridle available and fit for service, if required.

Loss of Horse, etc.

401. In the event of a member losing his horse by death, or otherwise (other than by sale), he may attend one muster on foot, and be credited with it, but he must be in possession of a suitable horse before his second muster takes place to enable the Club to claim Capitation on his behalf. Should he fail to remount himself within twelve months from the date of the loss of his horse, or be without a horse for that period, he must cease to be a member of the Club, and his name is to be struck off the roll.

Musters.

402. Irrespective of ordinary meetings for rifle practice and drill, each Club or Association shall have not less than one, or more than three official musters in each half-year counting towards the earning of Capitation Grant. At these official musters the Officer in command should be careful to examine the arms, etc., and the members must assemble for at least two hours' drill. After the drill, arrangements should be made for rifle practice, at which a certain number of rounds of the ammunition granted free should be expended.

Muster Roll and Absentee List.

403. After each muster a nominal roll showing the name of every man present must be made out on Colonial Forces Form No. 164, and be signed by the Senior Officer present at it, certifying that each member who attended took part in the drill and was actually in possession of a horse, saddle and bridle available and fit for service; this nominal roll, together with an Absentee List, on Colonial Forces Form No. 165, of those who were absent from such particular muster, will be forwarded to the Colonial Military Secretary, to be checked and passed to the Principal Paymaster, Cape Colonial Forces, at the end of each half-year.

Capitation Grant.

404. A Capitation Grant of thirty shillings per member, per annum, payable half-yearly, will be allowed, provided the member for whom it is claimed has during the half-year attended at least one official muster and complied with the requirements contained in paragraphs 402 and 403.

Disposal of Grant.

405. This Capitation Grant can be disposed of as the majority of the Club think fit, but it is not to be paid as a money bonus to members; it should either be funded to meet possible loss or damage to Government property, to purchase stationery, to pay for clerical labour, or be expended in some way for the general good of the Club.

Financial Statement.

406. A statement as to the manner in which the funds of the Club are expended shall be kept, and the Colonial Military Secretary or other Officer authorised to do so, is empowered to require the statement of such expenditure to be produced, should he think fit to do so.

Arms and Accoutrements.

407. Each member of a Rifle Club will be provided with a rifle or carbine and a bandolier by the Government; each arm will be stamped before issue. Example, No. 1, M.R.C., meaning No. 1, Mounted Rifle Club.

Charges for loss of Arms, etc.

408. The following charges will be demanded for arms, etc., lost:—

Martini-Henry rifle or carbine	£5 0 0
Bandolier or belts	0 12 0
Sling...	0 4 6

Should it be found on investigation that arms have been lost by neglect or made away with, a charge not exceeding £12 (twelve pounds) will be made.

Surplus Arms.

409. When the Captain of a Club finds himself in possession of one or more arms, owing to reduction of strength, he can return the arms at once, if he so wishes, to the nearest military store or Magistracy; if to the latter, the matter must be at once reported to the Senior Ordnance Officer, through the Colonial Military Secretary.

Ammunition.—Purchase of.

410. Ammunition can be purchased at certain depôts of the Ordnance Department, the names of which, and the rates, will be periodically published in Cape Colonial Forces Orders.

Ammunition Allowance.

411. An annual allowance of 100 rounds ball, and 50 rounds blank ammunition, per man, will be granted free (to be expended at the musters of the club); provided that each member for whom this allowance is drawn attends the required half-yearly muster. In the event of a member not attending one official muster during a half-year, the quantity drawn for him will be deducted from the next issue of ammunition, or the value thereof will be withheld from the Capitation Grant.

Requisitions.

412. Requisitions for the gratis allowance of ammunition are to be made out on Colonial Forces Form No. 10, and submitted to the Colonial Military Secretary half-yearly for transmission to the Senior Ordnance Officer.

Correspondence and Returns.

413. All correspondence and returns are to be sent to the Colonial Military Secretary.

A list of all returns to be rendered by Clubs, showing the number of the form used, and the dates upon which they are to be rendered, will be found in Appendix XXI.

Penalties.

414. The following penalties may be inflicted by Officers Commanding Clubs:—

Loading contrary to orders	£0 2 6
Shooting out of turn	0 2 6
Discharging a rifle accidentally	0 5 0
Pointing a rifle, loaded or unloaded, at any person without orders	1 0 0
For non-attendance at half-yearly muster, the amount of Capitation Grant lost by such non-attendance, unless the absence is caused by duly certified sickness.	
Disobedience of orders or disrespectful conduct to any Officer or Non-commissioned Officer on duty will be visited by a reprimand, a fine not exceeding ... ... or, if necessary, by dismissal from the Club.	0 10 0

These fines are recoverable in the manner laid down in paragraph 367.

Rules.

415. A code of rules for the management of a Club's affairs may be drawn up and submitted to the Colonial Military Secretary for approval of the Governor. These rules must not be at variance with the Colonial Forces Act, or Regulations made thereunder, and all subsequent alterations of the rules must be submitted for approval of the Governor after being passed at a General Meeting of the Club.

Liability for Service.

416. Every Rifle Club whose services are accepted under the above terms is liable to be called out for Military or Active Service in the same manner and under the same circumstances as if it were a Volunteer Corps under the Act, and it will then become subject to the provisions of Part II. of the Colonial Forces Act, 1892.

Members may resign before issue of a Proclamation.

417. Any member of a Club may resign before the issue of a Proclamation by the Governor, under the 85th Section of the Colonial Forces Act, on paying all sums due to the Club, and giving thirty days' notice, in writing, to the Officer Commanding the Club.

Volunteer Regulations applicable.

22. Honorary members may, in accordance with Regulations, wear the uniform of privates of the Corps, with such distinguishing mark on the sleeve as may be approved by the Commanding Officer. APPENDIX XII.

(Referred to in Paragraph 21.)

INSTRUCTIONS CONCERNING THE FORMATION OF CYCLIST SECTIONS IN VOLUNTEER INFANTRY BATTALIONS, AND FOR THE GUIDANCE OF OFFICERS COMMANDING SUCH SECTIONS.

Selection of the Officer.

1. The Officer appointed to the command of the section must be specially qualified for the post. He should possess energy, sagacity, and self-resource, and should acquire a fair knowledge of tactics and military duties in the field.

Selection of the Men.

2. The men enrolled in a Cyclist Section must be good riders, and pronounced medically fit, and with good eyesight. Every effort should subsequently be made to attain the qualification of markmanship. It is also very desirable that the men should possess a knowledge of military sketching and army signalling.

Riding Powers of the Officers and Non-Commissioned Officers.

3. It is essential that the Officer and the Non-Commissioned Officers of the Section should possess riding powers at least equal, if not superior, to those of the average of the rank and file.

Machines.

4. The machines most generally suitable for military are (1) the rear-driving safety bicycle; (2) the front-steering tricycle; (3) the tandem tricycle. Should the mounts be of various types, a judicious allotment of duties in the field should be assigned to the riders. Rear-steering tricycles, or tricycles with unstable equilibrium, being unfit for the descent of steep gradients except at a slow pace must be excluded: and ample brake power must be provided on every type of machine which is employed.

Arms, etc.

5. The Officer will be armed with a revolver, and will also carry a field glass. The sword, when carried, is to be attached to the machine. The Non-Commissioned Officers and Privates will be armed with rifles and bayonets. The Officer and Non-Commissioned Officers will carry whistles.

Carriage of Arms and Kit.

6. Every machine ridden by a Non-Commissioned Officer or Private must be fitted with means for carrying a rifle, ammunition, and the kit of the rider.

Practice in carrying Arms and Kit.

7. The Section must frequently be practised in attaching, detaching, and carrying the articles mentioned in No. 8. No estimate of speed or endurance can be accepted regarding trials when the above articles are not carried.

Inspection of Machines.

8. At every Mounted Parade the machines must be thoroughly inspected. They must not only be outwardly clean and in good order, but it should be ascertained that the bearings are free, the spokes tight, the tyres firmly fixed, the brake in good working order, the saddle rigidly attached, the steering efficient, and the rifle attachments secure.

Tools, etc.

9. Every rider will carry a tool bag containing a spanner, fitting every nut on his machine, and adjustable wrench, a screwdriver, an oil-can filled with oil, and a cleaning cloth or leather.

Dress.

10. The uniform will consist of—

Patrol Jacket	Active service cap, or helmet.
Knickerbocker breeches	Hose tops.
Spats	Accoutrements.

Knowledge of Cycle Construction.

11. Every member of the Section shall possess a good general knowledge of the construction of cycles, and should be able to make adjustments and execute simple repairs.

Cycle-repairers.

12. A competent cycle-repairer should, if possible, be included in the ranks of each Section.

Marching formation.

13. When on the march the Officer commanding the Section will take up such a position as will best enable him to superintend the movement; the bugler will accompany him. A leader will be detailed to regulate the pace according to the directions of the Commander. The Section will march on as large a front as the width of the road and the traffic will admit.

Diary of Work.

14. The Officer commanding the Section will keep an official journal, in the form of a diary, in which he will enter details concerning all the work done by his command. The distances covered on the march, and the riding and halting times are to be carefully and accurately entered therein, and all casualties or accidents to either men or machines are to be recorded.

Messages.

15. The Officer commanding the Section should acquaint himself with the rules concerning giving, transmitting and delivering messages in the field, and is responsible that the necessary knowledge upon these points is possessed by the

Digitized by Google

men under his command. Opportunities for practice in sending messages are to be sought whenever the command marches out, and strict attention to all the rules laid down with regard to this exercise must invariably be paid.

All Volunteers belonging to a Cyclist Section must attend drill and go through Class Firing as ordinary Volunteers to earn Capitation Grant, except that Cycling drills, ordered by the Commanding Officer, and of not less than one hour's duration, may be counted in the following proportion :

Six of the 14 drills required under paragraph 156 may be Cycling Drills.

Four of the 11 drills required under paragraph 157 may be Cycling Drills.

Three of the 8 or 6 drills required under paragraph 159 may be Cycling Drills.

Battalion Drill.

Where a Cyclist Section under an Officer or Non-Commissioned Officer parades with the Corps, of which it is a part, or goes through manoeuvres in connection with that Corps or when two or more Cyclist Sections, each of not less than 12 of all ranks, combine under a command apart from the Corps of which they respectively form a portion, may be counted as Battalion Drills as required under paragraph 165.

APPENDIX XIII.

INSTRUCTIONS FOR THE EXAMINATION OF GUN-LAYERS OF FIELD ARTILLERY.

An instructional target will be placed at a measured distance of 200 yards from the gun.

The gun will be thrown off the line and the deflection leaf set at zero, the sight either being lowered or held in the hand of the competitor.

An Officer will be in charge at the target, and under his directions the triangle will be hung over the target, and the target marked 1 through the hole in the centre of the triangle.

An Officer at the gun will give the word "Range—yards. Deflection—minutes. Lay."

The competitor will not commence to adjust his sight until the word "Lay" is given.

As soon as the gun is laid on the centre of the triangle, the competitor will give the word "Take post," and the time is taken by the Officer from "Lay" to "Take post."

If this time is more than 45 seconds, for every 5 seconds or fraction of 5 seconds over 45, the competitor will lose one mark.

The Officer at the gun will first note whether the tangent scale and deflection leaf are set as ordered, but does not alter them ; if the range or deflection is set to a division other than that ordered, the competitor will score nothing for that round ; if not accurately set at the division ordered, the round may count, but 1 will be deducted from the score. The Officer will then look over the sights, and if the gun is laid with 25 yards elevation more or less than that ordered, or with 3 minutes more or less deflection, the competitor will score no marks. If a less error than 25 yards in elevation or 3 minutes deflection 1 mark will be deducted.

The maximum number of marks obtainable for this round will be five.

The triangle is then moved to any part of the target, at least a foot from its former position, and at the word "Lay" from the Officer, the competitor looking over the sights (but not shifting them or the gun) directs the triangle to be moved* until the hole in the centre of the triangle is again on the line of sight when he gives the word "Take post," the Officer will take the time from "Lay" to "Take post," and for any time in excess of 45 seconds, marks will be deducted as at the first round. The Officer at the target will cause the position of the triangle to be marked through the hole in the centre, and will measure carefully the distance from this shot to the first point marked. If this distance is not over 2 inches, no deduction on this account will be made from the competitor's marks, but for every inch or part of an inch over 2 inches, he will lose one mark.

The full marks for this round will also be five.

The triangle being again moved not less than a foot from the first point, the competitor again directs the triangle to be brought back on to the line of sight as for the second round the same marks being given and deductions made.

The triangle being now moved to another part of the target, and a fresh range and deflection being ordered by the Officer, the competitor will lay a second series of three rounds similar to the first. The sum of marks gained in the two series will determine the competitor's position.

The minimum of 15 must be obtained to entitle a competitor to the appointment of Layer.

The range and deflection ordered must always be to some division on the scale, not to a fraction of a division, the yard scale being always used.

*This can be done by a man standing by the Gun-layer and signalling with his arms the direction the triangle is to be moved, dropping his arm for halt, and holding both arms above his head at "Take post."

APPENDIX XIV.

INSTRUCTIONS FOR EXAMINATION OF GUN-LAYERS OF GARRISON ARTILLERY.

Some two or more well defined objects, at least 10 degrees apart at medium ranges, are to be chosen as targets, the exact part of the targets to be laid on is to be clearly explained to the competitor, or pointed out by laying the gun on it. The gun is then thrown out of line, deflection leaf placed at zero, tangent scale either lowered or in the competitor's hand.

The Officer gives :—

"Range" in yards, "Deflection" in minutes, "Lay." The competitor will not commence to adjust his tangent scale until the word "Lay" is given. As soon as the Gun is laid as ordered competitor says "Take post" and steps clear. The time is taken from the "Lay" to "Take post."

The Officer first notes whether the tangent scale and deflection leaf are set as ordered, but does not alter them ; he then looks over the sights and if the gun is laid within 25 yards elevation and 5 minutes deflection, and the time is 30 seconds or under, the competitor scores 8 for that round.

For every 5 seconds or fraction of 5 seconds beyond 30, he will lose 1 point. The second round will be laid at another target with a different elevation and deflection under the same conditions, and so on for 5 rounds in all. The range and deflection given will always be to some division on the scale, not to a fraction of one, the yard scale being always used.

If the competitor sets the range or deflection to a division other than that ordered, he will score nothing for that round; if not accurately set at the division ordered but with a less error than that specified above in the test for accuracy in laying, the round may count, but one will be deducted from the score.

To become a qualified Layer, a competitor must make a score of at least 30 points.

N.B.—For a sight to be accurately set, no space should be seen between the top of the clamp or arrow, and the line marking the division ordered, nor should the line be covered by the clamp.

APPENDIX XV.

INSTRUCTIONS FOR PRACTICE OF FIELD BATTERIES OVER LAND RANGES.

Preliminary training.

1. Preliminary Training should be as complete as possible before proceeding to practice. When once men have learnt the standing gun drill as recruits, all future gun drill parades should be conducted with some definite object in view, and everything should be carried out as if for service practice.

The day of practice is not the time to teach duties, the whole of which should have been thoroughly learnt on drill parades. The whole system of ranging and fire discipline should be exercised as a drill on every possible occasion, as well as the method laid down for the supply of ammunition on service.

Training for Fuze-borers and Setters.

2. A proportion of men in each sub-division should be specially trained and examined in fuze-setting or boring. A sight or fuze will be considered incorrectly set when either space can be seen between the top of the clamp or arrow and the line marking the division ordered, or when the line is covered by the clamp.

Section Commanders.

3. Section Commanders should have a thorough knowledge of the principles of ranging, in order that they may be able to intelligently assist or even replace the Battery Commander. They are at liberty to move about their Sections according as they consider it necessary for the best supervision of their guns, but when standing still they should be at attention.

They are responsible that the correct target is laid on ; this they should ascertain by looking over the gun, or one of the wheels, from some distance in rear, so as not to interfere with the gun layer.

On no account must they hurry the layers. They must acknowledge the receipt of an order (see under orders).

Gun-layers.

4. Gun-layers and all Sergeants should be periodically tested [illegible] should [illegible] against time.

They should remember that the same accuracy of direction is not so extended to effect when firing at broad formations of troops, long line of shelter trench, &c. (except for ranging shots), as at a narrow target, and not lose time in trying to obtain it when firing at the former targets.

Elevation is, however, all important, when everything must give place to rapidity. Each alteration in elevation must be promptly followed up by every gun, whether loaded or not. When a gun has been laid, a very slight adjustment is necessary after loading is completed.

Digitized by Google

All men must be taught to lay for direction from the end of the handspike, so that after the first round, the handspike number can obtain the line. This is of great assistance to the gun-layer, and also an almost certain safeguard against laying on the wrong target.

Supply of Ammunition.

5. At practice the supply of ammunition is generally much too slow, because the numbers are not accustomed at drill to withdraw the ammunition from the boxes, and are consequently slow at it when required to do so. This should be constantly practised at all drills.

Casualties.

6. Casualties should be frequently practised at drill. It should be thoroughly understood who is to take up the duties of any Officer or No. 1. Casualties among gun numbers should be filled up from the reserve and not by changing round.

Orders.

7. Orders should be at once passed on verbatim by Section Commanders, who should acknowledge the receipt of an order by raising the hand to the forehead, as when answering a salute. Adjutants should carry note-books with signed pages. Orders will be communicated by means of mounted orderlies, if possible in writing. When in action, should be sent by dismounted orderlies.

Nature of Practice.

8. When practicable, practice will be divided into Elementary and Service, either by having the former in the morning and the latter in the afternoon, or one day being allotted to each.

Elementary practice.

9. Elementary practice should be carried out with deliberation; at the same time there should be no unnecessary delay. It should be made a thorough preparation of Service Practice.

A Battery must not be brought into the firing position until the range is clear, and everything ready to commence. Positions should be occupied as at Service Practice. After a few series, times should be taken, so as to accustom both officers and men to carry out their duties properly under pressure.

Each series should have a definite object known to all, and, at its conclusion, any faults that have occurred should be pointed out.

Targets should be so arranged that concentration and distribution of fire may be practised.

Series should be carried out on the following principles:—

I. To range and find length of fuze.
II. Series with a time limit.
III. Series with an ammunition limit.

I. The mode of proceedings will be as follows:—

1. The Battery Commander will open fire with percussion or plugged shell (common or shrapnel): as soon as he considers he has obtained the range, he will change to time shrapnel, and continue until he thinks he has obtained three effective shells with the same fuze. The three effective shrapnel should be counted out of the last five rounds, provided that the difference in the setting of the fuzes has not exceeded 1-4. When this is the case he will stand fast.

2. The Officer or Non-Commissioned Officer with the range party will then inform him as to the effect of his fire.

3. If the range was incorrectly found with percussion or plugged shell, the series will recommence on a signal to that effect being received from range party.

II. When fixing a time limit, a Battery Commander must consider the amount of ammunition he wishes to expend, roughly, he may calculate on three to four rounds a minute.

III. In this series, although the limit is the amount of ammunition, there is no reason why times should not be taken.

In all series the results must be carefully noted and recorded. Large effect obtained simply by expenditure often indicates waste of ammunition.

Service Practice.

10. Service practice should be carried out so as to represent the different phases of an attack or defence. Some tactical idea should be drawn up. The following is given as a guide:—

GENERAL IDEA.

An enemy attacking from the south brings his Artillery into action against the left of the position while his Infantry advance against the right flank.

ORDERS FOR THE ARTILLERY.

I. The Battery will range and fire shrapnel at the enemy's guns, 24 shells to be fired.

II. Change position to repel Infantry advancing.
Time allowed:
4 Gun Battery (7 Pdr. R.M.L. Guns) 10 Minutes.

III. Advance to a range of about 1,000 yards and open fire on Infantry, who are presumed to be advancing to attack, with supports about 200 yards in rear of firing line.
Time allowed—same as before.

TARGETS.

1st position: A representation of 6 guns and 3 wagons and 36 standing dummies.
2nd position: Line of 80 standing dummies, one yard apart in four groups, 25 yards between groups.
3rd position: Line of 100 kneeling dummies, one yard apart.
Two groups of 15 standing dummies 200 yards in rear and to the flanks.

In order to accustom Battery Commanders to reconnoitre, he should select his own position and occupy it in the method which he considers best suited to the occasion.

Directions for using Moving Targets.

II. Practice with live, common, and shrapnel shell will be carried on only:—

I. When the target is advancing directly towards the Battery.
II. When advancing obliquely.
III. When crossing the front.

Case I.—The target is taken out by a driver and two horses to a point about 2,000 yards away from the Battery, the tow line 800 or 1,000 yards of rope being coiled on a framework. On reaching this point, the target halts, two men pay out the line while the driver with another man takes it straight towards the Battery. When the line is nearly paid out the driver and party halt, a picket is driven into the ground with a snatch block attached, the tow line is passed through the snatch, driver turns off at a flank, advances 250 yards and halts until the signal is given for the target to walk or trot as may be.

When the target arrives at the picket, the driver halts, one of the range party rides in and casts the rope clear of the snatch. The target can then be taken back for another run at a different range.

If the picket is within 600 yards of the gun, i.e., within reach of a burst at the muzzle of a common shell, the driver should be 400 yards to a flank before standing.

Case II is simpler. Not more than 500 yards of tow line are required. The target may then be towed with safety at an angle of about 45 degrees to the line of fire.

The driver must have a point given him on which to steer. Hold fast and snatch block are unnecessary.

Case III.—This is the least instructive, as the range varies very slowly. It requires 350 yards of tow line. No practice is allowed at a target retiring directly or obliquely.

GENERAL REMARKS.

Range Party.

12. If possible, an Officer should be sent with the range party. There is no position where Officers can learn more regarding effect and action of projectile, &c., than they can when employed on range duties, provided they watch and criticise the effect of each shell.

Pickets planted 50 and 100 yards short and over the target will much assist the Range Officer's judgment.

Safety.

13. The Officer commanding the practice is responsible for the safety and clearness of the range from the Battery to the target, and as far beyond the latter as he can see. He is also responsible that the range beyond the target is in distinct view either of himself or of the range party. No practice is to be carried on unless the ground covered by the last ricochet of the projectile is well within the observation of some responsible person. Although the layer is responsible for correct adjustment of sights and laying, each Section Commander must satisfy himself at practice, without unduly interfering with the gun-layer, that the true object is aimed at, and that no such error is made as may endanger the range party or others.

The Battery and range party will each have a red flag.

The Battery flag is to be lowered before commencing fire, but no firing is to take place until the signal is answered by the lowering of the range party's flag.

When the Officer in command of the practice deems it necessary, or receives a caution to cease fire, either by raising of the range flag or other indication, he will give the command "Stand Fast."

If the friction is in the vent, it must be removed at once, if a cartridge is exposed it will be replaced in the case, or if a fuzed shell is in the bore it will be rammed home, but nothing further is to be done at the guns after the order "Stand Fast"—until the order "Go on."

Digitized by Google

The flag at the Battery is to be raised only at the direct word of the Officer in command of the practice, who will satisfy himself that the order to "Stand Fast" has been obeyed throughout the Battery. He will ascertain that the range is clear before directing the flag to be lowered, and will not until the flag is down, give the command "Go on." This order will be repeated by the Subordinate Officers.

The range party's flag is not to be raised or lowered except by order of the Officer or Non-Commissioned Officer in charge. When not displayed, it is an indication that all is safe, and that firing may proceed.

The following signals will be used by the range party :—

"Danger Signal," raise one flag.
"Signal for range found only," raise two flags.
"Signal for range and fuze found," raise one flag vertically and one horizontally.
"Signal for neither range nor fuze found," hold up one flag and wave it from side to side.

Practice over Sea Ranges.

14. When Field Batteries practice over Sea Ranges, they will conform to the Regulations laid down for Garrison Artillery as far as applicable to them.

N.B.—For further information as to Instruction in Shooting and Gunnery in general, Field Artillery Drill in use at the time must be consulted.

APPENDIX XVI.

INSTRUCTIONS FOR PRACTICE OVER SEA RANGES.

Garrison Artillery Companies.

Precautions for Safety.

1. All general precautions to ensure safety during practice are to be ordered by the Commanding Officer of the Corps. The Officers on the spot, *i.e.*, Fire Commander, Battery Commanders, and Gun Group Commanders, however, are in the first place responsible for the use of the guns and cannot be absolved by dependence on any general orders for neglect to keep the closest watch on the safety of the Practice.

2. Whenever practice is to be carried out, the following orders are to be issued and observed, viz. :—

(*a*) The Officer in command of the Practice is responsible for the safety and clearness of the range from the Battery to the target and as far beyond the latter as he can see.

(*b*) He is also responsible that the range beyond the target is in distinct view either of himself or of the range party. No practice is to be carried on unless the sea area covered by the last ricochet of the projectile is well within the observation of some responsible person. It is also his duty to see that all precautions for safety are taken, such as hoisting red flag, posting of sentries, also to warn the Chief of Police.

N.B.—No gun loaded even with blank ammunition is to be fired without a red flag being hoisted.

(*c*) Although the layer is responsible for the correct adjustment of the sights and laying, under the Gun Captain, the Officer in charge of the group must take every possible means to satisfy himself at practice that the true object is being aimed at, and that no such error is made as may endanger the range party, or others.

In practising at a moving target, it has been found a good plan for him to ascertain that the tug has passed.

(*d*) No Battery flag or screen is to be hoisted, lowered or used for signalling, except by direct order of the Officer Commanding on the spot.

(*e*) The flag or screen is to be hoisted before commencing fire, provided the range flag is up ; no firing is to take place unless both Battery and range flags are flying.

(*f*) When the Fire Commander or other Officer in command of the practice deems it necessary or receives a caution to cease firing, either by lowering of the range flag or other indication, he will give the command "Cease Firing." This order must be instantly repeated by the subordinate Officers responsible for the service of the guns.

(*g*) If the friction tube is then in the vent, it must be removed at once, when firing electrically the circuit must be broken. If a gun is being loaded, the same must be completed, and the gun run up. When "Stand Fast" is sounded, all hands remain steady, but if a cartridge is exposed, it must be replaced in the case.

(*h*) The flag at the Battery is to be lowered only at the direct word of the Officer in command, who will first satisfy himself that the order to "Cease Firing" has been obeyed throughout the Battery. He will ascertain that the range is clear before the flag be hoisted, and will not, until the flag is up, give the command "Commence Firing." This order will be repeated by the subordinate Officers who will afterwards give the order "Go on."

(*i*) If there are any signals agreed upon locally between the Battery and the range party, or vice versa, they should be formally issued, and a copy of them in the possession of both parties during the practice.

(*j*) The range party is always to be provided with a flag, screen, or other distinct signal, which is not to be hoisted, lowered or used for signalling except by direct order of the responsible Officer or Non-Commissioned Officer. When displayed, it is an indication that all is safe and that firing may proceed.

3. As a guide, it may be stated, that projectiles fired from heavy guns over water, under seven degrees' elevation, have been picked up when the tide has been out at distances of 6,000 yards, and 800 yards to the right or left.

4. With shot or plugged shell practice, range parties should not be placed nearer to the line of fire than 10 per cent. of the range.

Moving Targets.

Rules for Practice at Moving Targets.

5. The length of the tow rope should be 300 yards. The speed of the target should be the highest attainable.

6. The only projectiles allowed when practising at a towed target, are Palliser shot and common shell plugged with metal plugs.

7. The course over which the target is to be towed should be accurately determined and laid down.

8. Fire should be opened on the target under the following conditions only, viz. :—

(*a*) When the target is moving on a line roughly parallel to the front of the Battery, or on an arc of which the Battery is the centre.

(*b*) When the target is approaching the Battery at an angle of not less than 45 degrees to the line of fire.

N.B.—In the latter case, the target should be towed from (proper) right to left of the Battery, in order to diminish the risk of a ricochet hit on the tug.

9. Under no circumstances whatever shall fire be opened on a towed target when—

(*a*) It is being towed from the Battery.

(*b*) It is outside the pre-arranged course.

(*c*) It is a greater range than 3,000 yards.

10. The Range Officer, or Non-Commissioned Officer in charge, will be posted on board of the tug. He will hoist a red flag when the target enters the course, and will keep it flying so long as under the above rules practice may continue at the target. Should the tow rope become so slack as materially to diminish the distance between target and tug, he will lower his flag.

11. The Officer in command of the practice is responsible that the range is clear, as regards craft, other than the tug. He will hoist a red flag as soon as he is ready to commence practice provided that the red flag on the tug is up, and will keep it hoisted until the practice is completed, with the following exceptions :—

(*a*) If the flag be hauled down on board the tug, the flag in the Battery will be hauled down, to be rehoisted simultaneously with the other.

(*b*) If the range be in any manner interrupted, the flags will be hauled down.

12. No gun is on any account to be fired unless both flags (on tug and in Battery) are hoisted. On the termination of the practice the flag will be left half-mast.

13. The Commanding Officer in the Battery and the Range Officer should each be provided with a diagram of the proposed course. On the diagram the extreme lateral limits of the course should be clearly marked.

14. To ascertain the speed at which a target is moving, when D.R.F. is used :—

Select a time when the target is moving as nearly as possible at right angles to the line of observation from the instrument, with a stop watch ascertain the number of seconds taken by the target to pass through an angle of 1. Divide the range in feet by the number of seconds taken by the target to pass through 1 and cut off the last two figures of the quotient as a decimal. The result will be the speed in knots per hour.

Example : Range 1500 yards. Target takes 4 seconds to pass through angle of 1.

$$\frac{1500 \times 3}{4} = 1125$$

therefore the speed is 11 1-4 knots per hour.

N.B.—1. Should it ever be absolutely necessary for Field Batteries to practice with their Field Guns over sea ranges, they will conform to the above Regulations.

2. For further details as to the duties of Fire and Battery Commanders, and Gun Group Commanders, and mode of conducting practice, see Garrison Artillery Drill in use at the time.

A tie for a Battery prize will be decided in favour of the Battery making the highest score for effect; if still a tie, in favour of the highest score at the longest range.

B. Gunnery Competitions.

16. The examination will be as follows:—

The Officer Commanding will assemble a Board, which should consist of three Officers, whenever that number is available, as soon as he receives intimation as to the probable date on which the written examination will be held, and carry out a preliminary examination of the Non-Commissioned Officers and men in the following subjects:—

17. Non-Commissioned Officers:—

(*a*) Drilling a squad and imparting instructions. (Full marks, 40.) The nature of the drill should be regulated according to the rank of the Non-Commissioned Officer examined.

(*b*) Fuze-setting or boring. (Full marks, 10.)

Five fuzed shells (nuts loose) are placed on any convenient shelf. The man stands facing them with his fuze key in his hand. On the order "Fuze-set," he proceeds to take up each shell in turn, sets the fuze, and replaces the shell. The time is taken from "set" until the last shell is replaced. A fuze is incorrectly set if space can be seen between the arrow and the line marking the division ordered.

To obtain full marks the time must be within 35 seconds, and all fuzes correctly set; 2 marks will be deducted for every 5 seconds, or fraction of 5 seconds, over 35, and 5 marks for every fuze incorrectly set.

When wooden fuzes are used only two will be bored. They will be placed loosely in the shells to commence with; after boring, the man must fix them properly in the shells before replacing the latter.

To obtain full marks the time must be within one minute. Two marks will be deducted for every 10 seconds, or fraction of 10 seconds, over one minute, and 5 marks for a fuze incorrectly set.

18. Gunners:—

(*a*) Efficiency in drill. (Full marks, 40.)

(*b*) As for Non-Commissioned Officers; 20 marks must be obtained in the preliminary examination to qualify a man for a prize.

19. The Non-Commissioned Officers and Gunners who obtain 20 marks or more in the preliminary examination will afterwards undergo a written examination in questions concerning the guns of their Batteries. Papers will be sent to Corps Commanders, by whom they are to be kept, and not opened until the day of the examination.

20. The value of each question will be assigned by the framer of it for the guidance of the Board.

21. The total number of marks obtainable in the written examination is 60, and in order to qualify for a prize, at least 20 marks must be obtained for a third class badge, 30 for a second class, and 40 for a first.

22. Competitors who cannot write will be permitted to dictate their answers. Such men must be examined separately, and one-sixth of the marks obtained will be deducted from their answers.

23. The Board will award marks for these examinations, and the whole of the proceedings will be submitted to the Colonial Military Secretary, before the results are published in Corps Orders, the marks gained at the preliminary examination being recorded separately from those gained in the written examination.

24. The Badges and Prizes will be awarded on the totals of the two examinations; a tie being decided in favour of the competitor who obtains the highest marks in the written examination.

C. Layer's Competition.

(*a*) Sergeant Layers' Prize.

25. The Sergeants will be examined as detailed for the Gun-layers, and the prize will be awarded to the Sergeant who gets most marks. In the event of no Sergeant obtaining the number of marks required to qualify for Gun-layer, no prize will be awarded.

(*b*) Layers' Prizes.

26. The Prizes will be awarded after a competitive examination amongst all the qualified layers. In the event of the minimum number of marks required to qualify for a layer not being obtained, prizes will not be awarded.

APPENDIX XVIII.

REGULATIONS FOR GARRISON ARTILLERY COMPANY COMPETITIONS FOR BADGES AND PRIZES, SKILL-AT-ARMS OVER SEA RANGES, GUNNERY BADGES AND PRIZES AND LAYERS' PRIZES.

A. Company Competitions.

1. On the day fixed for the Competition Companies will parade as strong as possible, as the object is to test the capabilities of the individual Company, and not of a few of its members only.

Each Company will fall in by Sections, and Rolls called, Gun detachments then formed out of them, and the supernumeraries taken for ammunition details, Range Indicators, and Orderlies, etc. Each Company must have sufficient men on parade to form one or two complete groups of 2 Guns, each with B.C. and G.G.C. The men for the detachments are not to be mixed up or picked out, each Section to stand on its own merits.

2. An Officer will be detailed as the Umpire, assisted, if necessary, by an Assistant. His duties will be as follows:—

(1) To make all arrangements as to targets, ranges and range party, independently, when possible, of competing Companies. A moving target (towed) is to be used.

(2) To give necessary orders, written or otherwise, to the Company Commanding Officer previous to the Company coming into action.

(3) To take the time, award credits, record and tabulate results.

(4) To make every effort to ensure that the practice is carried out by all Companies, as far as possible, under similar conditions.

(5) To record the results of each round as to the direction from the practice Battery.

(6) To superintend the drawing of lots to decide the order in which the Companies will fire.

3. The following is a summary of the maximum number of credits which can be awarded:—

	Max. Points.
Fire discipline (Series I. and II.)	100
Results of Fire (Accuracy of fire)	200
Total	300

4. The number of credits that a Company must obtain in order to qualify for Prize Companies will be as follows:—

1st Class Prize Company	160 credits.
2nd ,, ,, ,, ...	130 ,,
3rd ,, ,, ,, ...	100 ,,

But whatever its total credits may be, it is necessary for a Company to obtain "accuracy" credits as under before it can be classed as above:—

For 1st Class	80 credits.
,, 2nd ,, ...	60 ,,
,, 3rd ,, ...	40 ,,

5. A tie for a Company Prize will be decided by giving the Prize to the Company which obtains the highest score for accuracy, and in the event of a further tie, to that Company which completed its competitive service series in the shortest time.

6. The ranges for targets to be approximately from 1,600 to 2,500 yards.

7. The Umpire's decision will, in all cases, be final, and he will have the power of stopping practice and disqualify the Company for serious faults in shooting.

8. The Senior Officer present with the competing Company will direct the fire as Battery Commander.

9. There will be two series carried out:—

I. Drill Series (with friction tubes only).

II. Service practice series.

I. Drill Series.

10. Two rounds will be fired from each gun manned, friction tubes being used; one round by ordinary fire, one round by salvo fire.

In this series the guns are always to be laid by Case I. The series to commence with the guns run back and not

loaded. The Umpire, having pointed out the target (standing one), will give the words "Go on," and take the time from the word "Load," given by the B. C., until the last round of Ordinary Fire is fired.

The guns to be then run back and unloaded, time not being taken.

The word "Load" will then be given for the salvo round, and time taken until the last salvo is fired. The time recorded for the series will be the sum of the two times taken as above.

The Umpire will check the laying of each round before the guns are run back and unloaded.

No specific credits will be given for this Series I., but the Umpire will be partly guided by the time and manner in which it is carried out in apportioning the total credits given for fire discipline.

II. Service Practice Series.

11. After the completion of Series I., the Umpire being satisfied that the targets are out in proper position, and proceeding on the course laid down, the guns being ready for action, loaded with the projectile to be used, and run up, he will give the order to "Commence firing," and the Company Commander will proceed with the fire. Ranges may be taken and passed before the order "Commence firing" is given by the Umpire. The time will be taken by the Umpire from the moment of giving this order until the last round of this series, as mentioned below, has been fired. Twelve rounds per Company will be fired. Orders of fire to be at the discretion of the B. C.

12. The mode of giving credits apportioned for "Accuracy of Fire" will be as follows:—

Hits, direct or ricochet, will be estimated on a 12 x 36 Vertical Target in the manner laid down in Garrison Artillery Drill.

In finding the angle of descent of the projectile, the actual range at which the gun is fired, for each round must be taken for the angle of depression due to height of site when working out the angle of descent.

The time allowed for the twelve rounds, when two 7-inch Guns in one group are used, is:—

Drill ... ... 6 minutes.
Practice ... ... 13 ,,

Credits, at the rate of one for each completed six seconds, will be added for under time, and deducted for over time. Any such credits to be added or deducted from the total credits obtained in the competition.

13. As a general rule for giving credits for fire discipline, the Umpire will be guided by the following scale:—

Total for fire discipline... 100

Distribution.

(1)	Quality of individual Drill	30
(2)	,, ,, Group fire discipline	30
(3)	,, ,, Battery	40
		100

14. For awarding credits for accuracy the following method will be pursued by the Umpire:—

The distance under or over the target of each shot, as judged and recorded by the range party, will be taken as its error in range.

The error in direction for each shot will be that recorded by the Umpire's observer at the Battery.

15. As regards defective ammunition, the competing company must take its chance. No claims for time will be allowed if a tube misfires, nor for an extra round if a projectile breaks up.

B.—Gunnery Competition.

16. The Non-Commissioned Officers and men who enter for this competition must be selected by their Company Commanding Officers as smart and efficient Artillery men.

17. The Corps Commanding Officer will assemble a Board, which should consist of three Officers, as soon as he receives intimation as to the probable date on which the written examination will be held, and carry out a preliminary examination of the Non-Commissioned Officers in drilling a detachment and imparting instruction.

The nature of the drill should be regulated according to the rank of the Non-Commissioned Officers examined. The Gunners are to be examined as to their efficiency in drill.

The Board will allot marks to each candidate (40 being full), and all Non-Commissioned Officers and Gunners who obtain 20 marks or more in this preliminary examination will afterwards undergo a written examination in questions concerning the guns they are allotted to in the Defence Scheme. Papers will be sent to the Corps Commanding Officer, by whom they will be kept, and not opened until the examination takes place.

18. The value of each question will be assigned by the framer of it, for the guidance of the Board.

19. The total number of marks obtainable in the written examination is 60, and in order to qualify for a prize at least 20 marks must be obtained for a 3rd Class Badge, 30 for a 2nd Class, and 40 for a 1st Class.

20. Competitors who cannot write will be permitted to dictate their answers. Such men must be examined separately, and one-sixth of the marks obtained will be deducted from their answers.

21. The Board will award marks for these examinations, and the whole of the proceedings will be submitted to the Colonial Military Secretary before the results are published in Corps Orders, the marks gained at the preliminary examination being recorded separately from those gained in the written examination.

22. The Badge Prizes will be awarded on the totals of the two examinations, a tie being decided in favour of the Competitor who obtains the highest marks in the written examination.

C.—Layers' Competition.

23. Prizes will be awarded after a competitive examination amongst all the qualified layers. In the event of the minimum number of marks required to qualify for a layer not being obtained prizes will not be awarded.

Surveyor-General's Office,
Cape Town, 3rd November, 1905.

IN terms of Section II., Act No. 15 of 1887, as amended by Sections IV., V., and VI. of Act No. 40 of 1895, it is hereby notified for general information that the following erven, situate in the Village of Flagstaff, in Eastern Pondoland, will be offered for Sale, by Public Auction, in front of the Resident Magistrate's Office, at Flagstaff, at 10 o'clock, a.m., on Wednesday, 20th January, 1904, subject to the conditions and stipulations in the above Act, and in the General Conditions of Sale set forth, and further to such conditions as may be declared on the day of Sale.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

(i) That if no payment be made on the day of sale, one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.

(ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.

(iii) That if the amount paid on the day of sale be one-tenth or any sum between one-tenth and one-fifth of the purchase price, the balance of one-fifth of the purchase price shall be paid at the expiration of twelve months from the day of sale.

(iv) In cases where the purchase money is less than twenty-five pounds, the whole amount shall be paid in cash, or in equal instalments extending over a period of three years.

Interest on the instalments above mentioned shall be paid at the rate of four per centum per annum; and the payment of the instalments, together with the interest thereon, shall be secured on the day of sale by two good and sufficient sureties to the satisfaction of the Resident Magistrate, which sureties will bind themselves in regard to such payment as sureties *in solidum* and co-principal debtors, renouncing the exceptions of excussion and division.

If the purchaser or his sureties fail, or are unable to make the necessary payments of purchase money as above within the stipulated time, it shall be competent for the Government to cancel the sale, and all payments already made in respect of such sale shall be forfeited to the Government.

The expenses of Survey, viz., £2 0s. 6d., on each Lot, and of the Title Deed, viz., 12s. 3d., shall be paid to the Resident Magistrate or other duly authorised person in that behalf, on the day of sale.

In the event of the purchase price being £25 or more, the purchaser shall be bound to pass a mortgage bond, bearing interest at the rate of four per centum per annum, in favour of the Government for four-fifth of the purchase price, unless he shall have paid on the day of sale more than one-fifth thereof, in which case the amount of the bond shall be for the balance of the purchase price, the purchaser having the right to pay off the bond or any portion thereof, not being less than fifty pounds at any time.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

The General Plan and Conditions of Sale may be seen at the Surveyor-General's Office, Cape Town, and at the Office of the Resident Magistrate at Flagstaff.

For Surveyor-General.

Kantoor van den Landmeter-Generaal,
Kaapstad, 3 November 1903.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887 als geamendeerd door artikel IV., V. en van Wet No. 40 van 1859, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Erven, gelegen in het Dorp Flagstaff, in Oost Pondoland, bij publieke veiling te koop aangeboden zullen worden voor het kantoor van den Resident Magistraat te Flagstaff, om 10 uur v.m., op Woensdag, den 20sten Januari 1904, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en in de algemeene koopcondities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogste bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en alle zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Met dien verstande:

(i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.

(ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.

(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het oordeel van den Resident Magistraat goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot die betaling zich als borgen *in solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van executie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting nam. £2 0s. 6d. op elk perceel van den Grondbrief, nam. 12s. 3d. zullen aan den Resident Magistraat, of andere te dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

De kooper zal verplicht zijn een verband te passeeren, gevende interest tegen vier per cent per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, dan zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van de datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geener waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

De Kaarten en Condities van Verkooping kunnen gezien worden ten kantore van den Landmeter-Generaal, Kaapstad, en ten kantore van den Resident Mastraat Flagstaff.

WM. A. COLLARD,
Assistant Treasurer.

I. No Vessel shall be taken on the Slip until her name and all necessary particulars shall have been entered in a book kept for that purpose by the Board's Marine Superintendent; nor until the Master, or the person in charge, or her Agent, shall have signed an application to that effect, with an undertaking to conform to the Regulations set forth herein.

II. No Vessel shall remain on the Slip for a longer period than ten working days, unless by special arrangement; but should circumstances arise, not known at the time the vessel was slipped, requiring a longer occupation of the Slip, permission may be given by the Marine Superintendent for such further time as may be necessary for the completion of the work.

III. On the day and time appointed for the purpose, weather and sea being favourable, the Master, Owner, or Agent shall have his Vessel ready for slipping; and if he shall fail to do so, and if the Slip be be otherwise required, his vessel shall lose her turn on the list, and the Master, Owner or Agent of such vessel shall be liable to pay to the Board any expenses which the Board may have incurred in preparing the slip for her reception.

IV. The Marine Superintendent may, at his discretion, allow any vessel, not beyond the capacity of the Slip, which shall have suffered injury, and which requires immediate attention, to go on the Slip before any other vessels whose names are in the Entry Book.

V. The owner of any vessel shall not have the right to claim the use of the Slip.

VI. No displacements of weights in any way connected with the vessel whilst on the Slip will be allowed without permission, in writing, from the Board's Engineer, when arrangements will be made to prevent any damage occurring by reason of such displacements; the vessel in all cases taking all risks and being charged with the cost of such arrangements.

VII. The Master of any vessel using the Slip shall give the Marine Superintendent twenty-four hours' notice, in writing, of his intention to remove his vessel from the Slip.

VIII. In all cases the vessel to be slipped is to be placed in position under the direction of the Marine Superintendent or his assistants; the Master being required to render all assistance in his power.

IX. When any Vessel shall be declared by the Marine Superintendent, or the officer in charge of the Slip, to have been properly and safely placed upon the Blocks or Cradle, the master of the vessel, or his representative, shall forthwith satisfy himself thereof, and if he shall make no objection thereto, to the Marine Superintendent, or the officer in charge of the Slip, the vessel shall be considered to have been properly and safely placed.

X. The Harbour Board shall not be liable for any damage which may happen to the vessel whilst on the Slip, or being placed in position, or being taken up, or being launched therefrom, nor for any delay: the vessel shall not be liable for any damage done to the Slip or appurtenances, unless in disregard of any of the regulations.

XI. No removals or alterations in position of any of the supports upon which the vessel rests while on the Cradle will be permitted, except it is performed by the order of the Board's Engineer, or the officer in charge of the Slip.

XII. If it is found necesssary to remove a vessel from the Cradle to the Traverser, or should it be necessary to remove a portion of the Cradle, this work will be done by the Board, and the actual cost charged to the vessel. It shall be the right of the officer in charge of the Slip to decide if it be necessary to traverse a vessel.

XIII. The Board, while not binding themselves to do the work, reserve the right of executing any repairs which may be required to vessels, and in such cases, will charge the actual cost of the work, plus 10 per cent.

Charges for Patent Slip.

XIV. For taking up and launching from the Slip, the following charges will be made:—

For each Tug, Steam Launch, or Steam Lighter, £25.
For Ordinary Lighters, etc., £17 10s.

Rent for Patent Slip.

XV. One clear day's (24 hours) occupation of the Slip will be allowed without any charge for rent, after which time a charge of £4 for each succeeding 24 hours will be made, but should the vessel be ready for launching, and the weather and sea prove unfavourable, a reduction of 50 per cent. will be made in the rent for the period of such detention.

XVI. When work is wholly suspended on Sundays or Public Holidays, such days will not be charged for.

8. No land held under the provisions of this Act shall be transferable during the currency of the licence mentioned in the clause next preceding.

9. In the event of any failure during the currency of the licence to perform the condition of occupation the Minister may declare the licence absolutely forfeited, and the land in respect of which the licence is issued shall revert to Government: Provided that if it is proved to the satisfaction of the Minister that the failure to occupy was caused by drought, he may excuse such failure, but such excuse shall not be given for a period of more than twelve months, unless such drought continue for a longer period.

10. At the expiration of the five years for which any licence is granted, and if the Minister is satisfied that the conditions therein contained have been duly fulfilled, he shall cause to be issued to the licensee a grant of the land held and occupied by him on quitrent tenure, subject to the conditions stated in Section V. of Act 15 of 1887, subject to the payment of fifteen annual instalments, each of the amount of one-twentieth of the value of the land, together with the value of the survey and other expenses, which shall be a first charge on such land, and shall be secured by mortgage in favour of the Government: Provided that in the event of it being proved to the satisfaction of the Minister, who shall require certificates to that effect, that the licensee has after two years of occupation made permanent improvements on the land occupied by him under such licence equal at least to the value of the said land, the Minister may cause to be issued to him a title to the land held or occupied by him, subject to the payment of so many annual instalments of one-twentieth of the value of the land, together with the value of the survey and other expenses, as shall, together with the annual payments made by him in respect of the licence to the said ground, make up the whole value, and such annual payments due shall be secured by mortgage.

11. If any instalment shall not be paid within three months of the date on which it is due and payable an additional sum equal to one-fourth part thereof, by way of penalty, shall be added thereto, and shall, together with the instalment overdue, be recoverable at the suit of the Government in any competent Court.

These farms will be allotted subject to the condition that the Licencee shall not be allowed during the continuance of his licence to cut down or destroy any forest timber, or poles growing upon the land, except as shall be reasonably necessary for domestic purposes, and for the beneficial occupation of the land, but not for sale.

The diagrams and Licence Deeds may be seen at the Office of the Civil Commissioner at Van Rhyn's Dorp, and at the Surveyor-General's Office, Cape Town.

All inquiries should be addressed to the Surveyor-General.

PROPOSED BUTTERWORTH MUNICIPALITY.

NOTICE.

IN terms Section 9 of Act 45 of 1882, notice is hereby given that at a public meeting of householders and registered voters resident within the Area of the proposed Municipality of Butterworth, the following petition which it is intended shall be presented to His Excellency the Governor of the Colony of the Cape of Good Hope, is hereby published for general information:—

To His Excellency Sir Walter Francis Hely-Hutchinson, K.C.B., K.C.M.G., Governor and Commander-in-Chief of His Majesty's Colony of the Cape of Good Hope, and of the Colonies and Dependencies thereof:—

The Petition of the undersigned humbly sheweth—

That your Petitioners are registered voters, not less than twenty-five in number, for the election of Members of Parliament, resident within the area of the proposed Municipality of Butterworth, as hereafter described—

That the Town of Butterworth is the seat of a Circuit and Magistrate's Court, and is the centre of a thriving and populous European and Native District which is shortly to be connected with the rest of South Africa by railway communication. That owing to this fact, and also the rapid increase in its population, and the extension of business pursuits, the adoption of a Municipal form of government has become a matter of urgent necessity:—

That your Petitioners desire that Your Excellency should declare the Town of Butterworth a Municipality under the provisions of the "Municipal Act of 1882" and assign the name of "Butterworth Municipality" to such Municipality, the area of which shall be the limits contained within the following boundaries, that is to say:—On the East side of the Gcua River Farms No. 1. and No. 2. in the Nhlambr Ward, formerly comprised in the District of Kentani, and specially set aside as Commonage for the township of Butterworth. On the West side of the Gcua river, from the junction of the Gcuwa and Cegcuwana rivers, thence up the latter stream to a beacon at the corner of Klass Nghumeya's kraal, thence in a straight line to a stone beacon above the quarry, thence in a straight line to a beacon on the hill above the Police camp, thence Eastward along the ridge between the town and the Ngxalati stream to a beacon on the rocky point, thence down to the Gcuwa river to a point connecting with Farm A aforesaid, on the East side of the Gcuwa river:—

That your Petitioners desire generally to exercise when found necessary, the entire powers conferred on Municipal authorities under the said "Municipal Act of 1882" and specifically that the said proposed Municipality shall be governed by a Council composed of a Mayor and Six Councillors; that it shall be vested with powers of entering into Contracts and of borrowing money for the purpose of, and subject to the provisions of the said "Municipal Act of 1882," also the power to hold Municipal Lands and to apply to Your Excellency, in writing, for consent to dispose of, or alienate, or permit to be built upon, enclosed or cultivated, any portion of the commonage pasture lands of the said Municipality, or any other lands which shall be vested in the said Council; to appoint Officers to assist in the execution of the Act, and to pay them such salaries as the Council may determine, and to suspend and dismiss such Officers; to frame Bye-Laws and Regulations as provided in Section 109 of the said Act; to make valuations and to make levy and recover rates upon all rate-payable property within the Municipality:—

Your Petitioners humbly pray that your Excellency in your discretion, will be pleased to grant the prayer of this Petition, or such part or parts thereof as to your Excellency may seem just and mete in the premises.

Departement van Landbouw,
Kaap de Goede Hoop, 24 September, 1903.

KROONLANDEN VOOR UITKIEZING ONDER WET 40 VAN 1895.

OVEREENKOMSTIG de bepalingen van Sectie VII. van Wet 40 van 1895, wordt hiermede kennis gegeven voor algemeene informatie dat de ondergenoemde plaatsen, gelegen in de Afdeeling van Van Rhijnsdorp, open zullen wezen voor uitzoeking van en na Woensdag, den 6den dag Januari, 1904, op de wijze en bepalingen vermeld in de gezegde Wet 40 van 1895, en hieronder uiteengezet.

1. Ieder aanzoek voor zulk land zal schriftelijk moeten gedaan worden aan den Civielen Commissaris van de Divisie in welke zulk land gelegen is, die daarop zal noteeren den dag waarop zulk aanzoek door hem ontvangen werd, en ze dan onmiddellijk aan den Minister toezenden.

2. Voor het doeleinde van deze Wet, zullen indien er twee of meer aanzoeken ontvangen worden voor hetzelfde land op denzelfden dag na den datum vastgesteld in de kennisgeving, dezelve beschouwd worden als ter gelijkertijd gedaan, en alle aanzoeken gedaan vóór den datum vastgesteld in de kennisgeving zullen beschouwd worden alsof zij gedaan werden op den datum alzoo vastgesteld.

3. De Minister zal de landen waarvoor alzoo aanzoek gedaan werd bedeelen volgens de prioriteit van aanzoek, mits dat indien er twee of meer aanzoeken gedaan werden te gelijker tijd voor hetzelfde land, het recht van prioriteit bepaald zal worden door loten.

4. Ieder aanzoeker voor land onder de provisies van deze Wet zal een declaratie maken, en bij zijn aanzoek voegen, luidende als volgt :—

> Ik, [A.B.] (voeg in woonplaats en occupatie), verklaar hiermede plechtig en oprecht dat ik een-en-twintig jaren oud ben en boven, en dat ik dit tegenwoordige aanzoek doe voor mijn uitsluitend eigen voordeel, en niet direkt of indirekt "voor het gebruik of voordeel van eenig ander persoon hoegenaamd," dat ik niet eigenaar ben van eenig land, dat ik geen schikking of overeenkomst gemaakt heb om eenig ander persoon zulks te doen verkrijgen door koop of anderszins, het land waarvoor dit aanzoek gemaakt is."

5. Ieder aanzoeker op den tijd wanneer aanzoek gedaan wordt zal met den Civielen Commissaris van de Divisie in welke zulk land gelegen is deponeeren een somma gelijkstaande aan het een-en-twintigste van de waarde van zoodanig land, en van de landmeting en andere onkosten in verband daarmede, en ingeval dat hij verzuimt of weigert om het land te nemen waarvoor aanzoek gedaan werd, indien aan hem bedeeld zal de genoemde som absoluut verbeurd wezen aan het Gouvernement : Mits dat in het geval het land waarvoor aanzoek gedaan werd, niet aan hem bedeeld wordt, het geld door hem gedeponeerd dadelijk aan hem terug betaald zal worden.

6. Aan eenig persoon die meerderjarig is, kan land bedeeld worden onder de provisies van deze Wet, maar geen persoon die de geregistreerde eigenaar is van eenig land binnen de Kolonie, en geen persoon die bij den tijd van aanzoek eenig schikking of overeenkomst gemaakt heeft om eenig ander persoon toe te laten te verkrijgen door kooping of anderszins, het land waarvoor aldus aanzoek gedaan wordt, zal land toebedeeld worden en geen persoon kan meer dan één stuk ontvangen krachtens uitzoeking, onder deze Wet.

7. De Minister zal aan den eersten aanzoeker die voldaan zal hebben aan de genoemde condities, voor eenig land onder deze Wet, of in geval van twee of meer aanzoeken voor hetzelfde land aan den aanzoeker bepaald door lot, eene licentie geven om het land te houden voor welk aanzoek gedaan werd op de volgende voorwaarden en condities :—

(*a*) De licentie zal wezen voor vijf jaren, berekend van den aanstaanden eersten Juli, of eersten Januari volgende de datum van licentie, en zal insluiten het tijdperk tusschen den datum van licentie en zulk dag.

(*b*) De jaarlijksche betaling in verband van zoodanige licentie zal gelijkstaande wezen aan een-twintigste van den prijs vastgesteld voor het land alzoo gehouden, tezamen met een-twintigste van de opmeting, en andere onkosten van zoodanige land, en zal vooruit betaald worden.

(*c*) Het deposit betaald op den tijd van aanzoek zal in betaling wezen voor het bedrag betaalbaar op den aanstaande eersten dag van Januari of Juli zooals het geval is.

(*d*) Den persoon aan wien zulke licentie uitgereikt is, zal binnen zes maanden van de uitreiking van zijn Licentie persoonlijk het land bewonen dat hem bedeeld werd en zal op zoodanig land blijven, voor een tijdperk van vijf jaren, behalve als hierna bepaald is of totdat hij een grondbrief ontvangen zal hebben voor zoodanig land.

8. Geen land gehouden onder de provisies van deze Wet zal getransporteerd kunnen worden gedurende den duur van de licentie genoemd in de voorafgaande clausule.

9. In geval van verzuim gedurende den duur van de licentie om te voldoen aan de condities van occupatie, kan de Minister de licentie geheel en al verbeurd verklaren en het land in verband waarmede de licentie uitgereikt is zal naar het Gouvernement terug vervallen : Tenzij dat indien het bewezen wordt naar den voldoening van den Minister dat het verzuim van occupatie veroorzaakt wordt door droogte, hij zulk verzuim kan verontschuldigen ; maar zulke verontschuldiging zal niet gegeven worden voor een tijdperk van meer dan twaalf maanden, tenzij zulke droogte aanhoudt voor een langer tijdperk.

10. Na verloop van vijf jaren voor welke eenig licentie gegeven is, en indien het den Minister blijkt dat aan de condities daarin vervat behoorlijk voldaan is, zal hij laten uitreiken aan den licentiehouder een concessie op het land gehouden en bewoond door hem op erfpacht, onderworpen aan betaling van vijftien jaarlijksche paaiementen, elk van het bedrag van een twintigste van de waarde van het land, tezamen met de waarde van de landmeting en andere onkosten die een eerste last zullen wezen op zulk land, en verzekerd zullen worden door een verband ten gunste van het Gouvernement : Mits dat in geval bewezen is geworden ter bevrediging van den Minister, die certificaten zal noodig hebben tot dien effekte, dat de licentie houder na twee jaren van occupatie permanente verbeteringen gemaakt heeft op het land bewoond door hem onder zoodanige licentie, ten minste van gelijke waarde van genoemd land, de Minister dan aan hem kan uitreiken een grondbrief voor het land gehouden of bewoond door hem tegen betaling van zoovele jaarlijksche paaiementen van een-twintigste van de waarde van het land, tezamen met de waarde van de opmeting en andere onkosten, als tezamen met jaarlijksche paaiementen die door hem betaald werden in verband van de licentie van genoemde grond, de geheele waarde opmaken, en zulke jaarlijksche paaiementen verschuldigd, zullen verzekerd worden door verband.

11. Indien eenig paaiment niet betaald wordt binnen drie maanden vanaf den datum op welk het schuldig en betaalbaar is, zal een additioneele som gelijkstaande aan een vierde deel daarvan bijgeteld worden, als een boete, en zal, tezamen met de onbetaalde paaiment, inbaar wezen door dagvaarding van het Gouvernement in eenig bevoegde Gerechtshof.

Deze plaatsen zullen geallotteerd worden op voorwaarde dat de Gelicentieerde niet vergund is gedurende den duur van zijne Licentie, eenig bosch hout of boomen groeiende op het land te hakken of te vernielen, behalve zooveel als redelijk noodig is voor eigen gebruik, en voor de voordeelige occupatie van het land, doch niet om te verkoopen.

De teekeningen en Licentie Akten kunnen gezien worden ten kantore van den Civielen Commissaris van Van Rhijnsdorp, en ten kantore van den Landmeter-Generaal, Kaapstad.

Alle vragen moeten geadresseerd worden aan den Landmeter-Generaal.

De koopprijs in ieder geval sluit in Opmetings en andere Onkosten.

De kooper zal verplicht zijn een verband te passeeren, gevende interest tegen vier per cent per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, dan zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van de datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geener waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887, als geamendeerd door artikels IV., V. en VI., van Wet No. 40 van 1895, wordt hiermede ter algemeene informatie bekend gemaakt dat het volgende Erven, gelegen in het Dorp Ngqeleni, in West Pondoland, bij publieke veiling te koop aangeboden zullen worden voor het kantoor van den Resident Magistraat te Ngqeleni, om 10 uur v.m., op Zaterdag, den 27sten Februari 1904, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en in de algemeene koopcondities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Ieder Lot zal te koop geboden worden tegen den vastgezetten inzetprijs, en de hoogste bieder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Met dien verstande:

(i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.

(ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.

(iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.

(iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het geheele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het oordeel van de Civielen Commissaris goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot die betaling zich als borgen *in solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van execussie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting nam. £2 12s. 6d. op elk perceel van den Grondbrief, nam. 12s. 3d. zullen aan den Resident Magistraat, of andere te dien opzichte wettelijk geauthoriseerden persoon, op den koopdag betaald worden.

In geval de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, dan zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van de datum der verkooping; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geener waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

In the Court of the Eastern Districts of the Cape of Good Hope.

Grahamstown, Friday, December 18th, 1903.

In the matter of the petition of HENRY BATHURST BINSTEAD and EDWARD WHITFORD, in their capacities as Chairman and Directors of the Vineyard Wine and Spirit Company, Limited.

UPON the motion of Mr. Van der Riet, of counsel for petitioners, and upon reading their petition setting forth that the Vineyard Wine and Spirit Company, Limited, is a Company registered under Section 57 of the Companies' Act, and carries on business at Port Elizabeth, but has no Articles of Association and is consequently governed by the regulations under Table A of the Companies' Act; that the business of the Company has recently been carried on at a loss, and it is unable to pay its debts; that the capital is £20,000, and there are debts due which can be claimed at once amounting to £2,700 or thereabouts; that the assets are valued approximately at £4,500, but there are no funds in hand and the debit balance due to the Bank of the Company on its current account is £290; that Prince, Vintcent and Company, creditors of the Company have obtained judgment for the sum of £157, and several other creditors are threatening legal proceedings; that if the assets of the Company are attached and sold in execution they will be sacrificed; that the Company has no reasonable prospects of paying its way, and that it would be for the interests of all concerned and be just and equitable that it should be wound up.

Upon reading also the affidavit of HENRY BATHURST BINSTEAD and the notice praying for a rule *nisi* calling upon all persons interested in the above named Company to show cause, if any, why it should not be wound up under the provisions of the Companies' Act,

IT IS ORDERED

that a rule *nisi* do issue as prayed, returnable in the Court of the Eastern Districts, at Grahamstown, on Tuesday, the 12th of January, 1904, and that further proceedings against the Company be stayed. Rule to be published once in the "Government Gazette," the "Cape Times," and the "Eastern Province Herald."
